

# Ohio Laws and Rules

---

For Renewal Year 2009  
4 PDH HOURS  
Course No L-2000

By

John H. Southard, M.S., P.E.

---

---

**Course Objectives:**

The primary objective of this course is to familiarize the student with the laws and rules regulating the practice of engineering in the State of Ohio. A focus is also placed on ethics and integrity that is expected of Engineers and Surveyors in the state of Ohio. Upon successful completion of the course, the student will be well versed in all pertaining laws and rules governing the engineering profession. The entire Ohio Revised Code (R.C) Chapter 4733 is included with this course along with Ohio Administrative Code (A.C.). The student will also be well versed in changes that have taken place during the last biennium and will have a better understanding of the disciplinary process.

**Topics:**

Review of the Ohio Revised code as it pertains to the practice of Engineering and Surveying in chapter 4733.

Review of the Ohio Administrative code as it pertains to the practice of Engineering and Surveying in the State of Ohio.

Individual disciplinary cases and unlicensed practice cases during the immediately preceding biennium.

**Grading:**

Students must achieve a minimum of 70% in the online quiz to pass this course. The quiz may be taken as many times as necessary. The student will be asked at the end of the quiz to attest that he or she has personally and successfully completed all chapters of instruction.

<b><u>COURSE INQUIRY FORM</u></b>	<b>4</b>
<b><u>CHAPTER ONE – INTRODUCTION TO OHIO LAWS AND RULES</u></b>	<b>5</b>
<b><u>CHAPTER TWO – OHIO REVISED CODE (R.C.) CHAPTER 4733</u></b>	<b>8</b>
<b><u>CHAPTER THREE – OHIO ADMINISTRATIVE CODE (A.C.) CHAPTER 4733</u></b>	<b>30</b>
<b><u>CHAPTER FOUR - RESOURCES USED TO DEVELOP THIS COURSE</u></b>	<b>65</b>
<b><u>CHAPTER FIVE – THE DISCIPLINARY PROCESS, DISCIPLINARY CASES AND UNLICENSED PRACTICE CASES DURING THE PROCEEDING BIENNIUM.</u></b>	<b>67</b>
<b><u>CHAPTER SIX - QUIZ PROBLEMS</u></b>	<b>74</b>

# Course Inquiries

This course is designed to be interactive. The readers of this course are encouraged to contact [pdhlibrary.com](http://pdhlibrary.com) to discuss the practice questions as well as to discuss other questions that may arise while taking this course on the Ohio Laws and Rules for Engineers. All inquiries will be answered in within two days or less. The reader can contact [pdhLibrary.com](http://pdhLibrary.com) in the following three ways:

**By Email:**

[mail@pdhlibrary.com](mailto:mail@pdhlibrary.com)

**By Phone:**

Call Southard Engineering, Inc./[pdhLibrary.com](http://pdhLibrary.com) at 352-367-2526. Business hours are Monday through Friday 9:00 AM to 5:00 PM

**By Fax:**

Fax your inquiry to (352) 367-2526 using the fax form provided below.

# Ohio Laws and Rules

## Chapter One – Introduction to Ohio Laws and Rules for Engineers

---

---

The following section is an excerpt from Ohio.gov Professional Engineers and Surveyors Board.  
<http://www.peps.ohio.gov/4733.aspx>

## Overview

The mission of Ohio's State Board of Registration for Professional Engineers and Surveyors is to safeguard the health, safety, property and welfare of the citizens of Ohio by providing effective licensure and regulation of professional engineers, professional surveyors and engineering and surveying firms. This is accomplished pursuant to **Chapter 4733 of the Revised Code** by minimum education standards, examination, continuing education requirements and the investigation of complaints filed with the Board.

The Board meets several times each year to consider policy and enforcement issues.

The Board is composed of five members appointed by the governor to staggered five-year terms and has a full-time staff of eight employees who implement policies established by the Board.

## Authority

The Board was created in 1933 to administer Chapter 4733 of the Ohio Revised Code (R.C.). R.C. **section 4733.07** requires the Board to adopt rules and regulations not inconsistent with Chapter 4733 and the laws of Ohio and the United States.

It is important to state that the administrative rules contained in the Ohio Administrative Code (A.C.) are not laws but have the effect of law once enacted. An administrative rule cannot change the law or create a new law, but is a clarification of laws in the Ohio Revised Code.

## Process

The procedure for adopting or amending administrative rules is defined in Ohio R.C. **sections 119.01 through 119.04**. In general summary of the process, the Board regularly reviews its administrative rules to ensure that they are up to date with current law and to decide if any changes are needed. In addition, the Board is required by law to review all of its rules every five years.

The Board receives input from statewide professional engineering and surveying associations — including, but not limited to; the **American Council of Engineering Companies of Ohio**; the **County Engineers Association of Ohio**; the **Ohio Society of Professional Engineers**; and the **Professional Land Surveyors of Ohio** — in the rules review process, since these statewide professional associations represent the Board's registrants: Professional Engineers and Professional Surveyors.

Once the Board decides that new rules need to be adopted or existing rules need to be amended or rescinded, a public notice is published in a newspaper of general circulation in Cincinnati,

Cleveland and Columbus. The notice also appears in the **Register of Ohio**, an electronic notice on the web published by the **Legislative Service Commission** (LSC).

The public notice states the Board's intention to adopt or amend a rule, the reason for adopting or amending the rule, a summary of the rule, and the date, time and location of the hearing. The notice also states that any persons interested in the proposed or amended rule may appear and testify at the hearing or present their position in writing.

Once the Board's public hearing is completed, the Board deliberates upon the final wording of the proposed or amended rules and files the rules with the LSC, the Ohio **Secretary of State** and the **Joint Committee on Agency Rule Review** (JCARR). JCARR then holds a public hearing and votes upon the proposed or amended rules.

Subsequently, the Board files a final version of the rules with LSC, the Ohio Secretary of State and JCARR which become effective no earlier than ten days after the final filing.

## Public Participation

As previously mentioned, the statewide engineering and surveying associations, the Board's registrants and the general public can participate in the rule-making process at several points in the process: initial Board discussion, the Board's public hearing and the JCARR public hearing; in order to ensure that all interested parties have input into the process.

---

**OHIO REVISED CODE (R.C.) CHAPTER 4733**

- 4733.01 Professional engineer and professional surveyor definitions
- 4733.02 Registration or exemption
- 4733.021 Restricting use of title engineer by itself or with other terms
- 4733.03 State board of registration for professional engineers and surveyors
- 4733.04 Qualifications of board members
- 4733.05 Compensation and expenses of board
- 4733.06 Meetings; organization of board; record of proceedings
- 4733.07 Rules, bylaws, seal and hearings
- 4733.08 Deposit of receipts; vouchers; surety bonds; employees; expenditures
- 4733.09 Records; applicant to provide certain information under oath; annual report, financial statement
- 4733.10 Annual listing of registered professional engineers, registered professional surveyors, and firms
- 4733.11 License qualifications
- 4733.12 Applications for registration
- 4733.13 Examinations
- 4733.14 Certificate of registration; seals
- 4733.15 Renewal of registration
- 4733.151 Continuing professional development requirements
- 4733.16 Practice by firm, partnership, association, limited liability company or corporation
- 4733.161 Contractor may provide engineering services through arrangement with registered engineer; unauthorized practice prohibited
- 4733.17 Inspection of public works projects
- 4733.18 Temporary registration; exemptions from provisions
- 4733.19 Reciprocity [Comity]
- 4733.20 Disciplinary actions; code of ethics; complaints; duplicate certificates
- 4733.21 Legally recognized professions not affected
- 4733.22 Prohibited acts
- 4733.23 Restriction on public authorities; injunction against violation
- 4733.24 Repealed
- 4733.25 Fees in excess of statutory amounts
- 4733.26 Using engineer or engineering in name on or before July 1, 1973
- 4733.27 Effect of child support default on registration or certificate
- 4733.99 Penalty

## 4733.01 Professional engineer and professional surveyor definitions

As used in this chapter:

(A) "Professional engineer" means a person registered as a professional engineer under this chapter.

(B) "Engineer" means a graduate of an accredited engineering curriculum or a person registered as a professional engineer under this chapter, or both.

(C) "Accredited engineering curriculum" means an engineering curriculum accredited by the engineering accreditation commission of the accreditation board for engineering and technology.

(D) "The practice of engineering" includes any professional service, such as consultation, investigation, evaluation, planning, design, or inspection of construction or operation for the purpose of assuring compliance with drawings or specifications in connection with any public or privately owned public utilities, structures, buildings, machines, equipment, processes, works, or projects in the proper rendering of which the qualifications of section 4733.11 of the Revised Code are required to protect the public welfare or to safeguard life, health, or property.

(E) "Professional surveyor" means a person who is registered as a professional surveyor under this chapter.

(F) "Practice of surveying" means any professional service that requires the application of special knowledge of the principles of mathematics, the related physical and applied sciences, and the relevant requirements of law for the adequate performance of the art of surveying, including, but not limited to, measuring the area or the contours of any portion of the earth's surface, the lengths and directions of the bounding lines, and the contour of the surface, for their correct determination and description and for conveyancing for recording, or for the establishment or re-establishment of land boundaries and the platting of lands and subdivisions; and like measurements and operations involved in the surveying of mines, commonly known as "mine surveying."

**HISTORY:** GC § 1083-2; 115 v 355, § 2; 123 v 701; Bureau of Code Revision, 10-01-1953; 130 v 1146 (Effective 09-10-1963); 133 v H 610 (Effective 11-21-1969); 140 v H 562 (Effective 04-04-1985); 144 v H 482 (Effective 07-01-1993); 149 v H 337. Effective 08-06-2002.

## 4733.02 Registration or exemption

Any person practicing or offering to practice the profession of engineering or of surveying shall be registered or exempted under this chapter. No person shall practice or offer to practice the profession of engineering or of surveying, or contract for such services, or use the initials P.E. or

---

P.S. in connection with the person's name, or use in connection with the person's name or otherwise assume, use, or advertise any title or description tending to convey the impression that the person is a professional engineer or a professional surveyor, unless such person has been registered or exempted under this chapter.

**HISTORY:** GC § 1083-1; 115 v 355; 123 v 701; Bureau of Code Revision, 10-01-1953; 130 v 1147 (Effective 09-10-1963); 140 v H 562 (Effective 04-04-1985); 142 v H 610 (Effective 03-17-89); 149 v H 337. Effective 08-06-2002.

## **4733.021 Restricting use of title engineer by itself or with other terms**

(A) Except for an individual who, as part of the internal classification system of the individual's employer, uses the title "engineer" by itself or in conjunction with another term described in division (B) of this section and who does not represent the individual's self to the public or otherwise advertise the individual's self as an engineer, no individual shall, in connection with the individual's name, assume, use, or advertise:

(1) The title "engineer" by itself unless the individual is an engineer;

(2) The title "engineer" in conjunction with another term that modifies the title "engineer" in a manner that conveys the impression that the individual is a graduate of an accredited engineering curriculum unless the individual is a graduate of an accredited engineering curriculum.

(B) Terms used in conjunction with the title "engineer" under division (A)(2) of this section that imply a person is a graduate of an accredited engineering curriculum include the following: "aerospace," "agricultural," "civil," "chemical," "computer," "electrical," "industrial," "mechanics," "mechanical," "metallurgical," "mining," "naval architectural and marine," "nuclear," and any other term commonly used by an institution of higher learning to apply to graduates of an accredited engineering curriculum.

(C) Nothing in this section shall be interpreted as prohibiting the use, assumption, or advertisement of the title "steam engineer" or "stationary engineer," by or on behalf of a person licensed under Chapter 4739. of the Revised Code, or the term "railroad engineer" or "locomotive engineer," by or on behalf of a person authorized to operate a railroad locomotive, or the term "operating engineer," by or on behalf of a person who operates, maintains, repairs, or manufactures light or heavy construction equipment.

**HISTORY:** 144 v H 482 (Effective 07-01-1993); 149 v H 337. Effective 08-06-2002.

### **4733.03 State board of registration for professional engineers and surveyors**

A state board of registration for professional engineers and surveyors is hereby created to administer this chapter. The board shall consist of four professional engineers, at least one of whom also is a professional surveyor, and one professional surveyor. Members shall be appointed by the governor, with the advice and consent of the senate. Terms of office shall be for five years, commencing on the twenty-fifth day of September and ending on the twenty-fourth day of September. Each member shall hold office from the date of appointment until the end of the term for which appointed. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that term. Any member shall continue in office subsequent to the expiration date of the member's term until the member's successor takes office. Appointments to the board shall be so limited that no more than one member shall have served more than two consecutive terms. Every member of the board shall receive a certificate of appointment from the governor and before beginning the member's term of office shall file with the secretary of state the member's written oath or affirmation for the faithful discharge of official duties. The governor may remove any member for misconduct, incompetency, neglect of duty, or for other sufficient cause.

**HISTORY:** GC § 1083-3; 115 v 356, § 3; Bureau of Code Revision, 10-01-1953; 125 v 442 (Effective 10-19-1953); 133 v H 610 (Effective 11-21-1969); 135 v S 131 (Effective 08-21-1973); 140 v H 562 (Effective 04-04-1985); 149 v H 337. Effective 08-06-2002.

### **4733.04 Qualifications of board members**

Each member of the state board of registration for professional engineers and surveyors shall be a citizen of the United States and a resident of this state, shall have been engaged in the practice of the profession of engineering for engineers or the profession of surveying for surveyors for at least twelve years, and shall have been in responsible charge of important engineering or surveying work for at least five years. Responsible charge of engineering or surveying teaching shall be construed as responsible charge of important engineering or surveying work.

**HISTORY:** GC § 1083-4; 115 v 356, § 4; Bureau of Code Revision, 10-01-1953; 142 v H 610. Effective 03-17-1989.

### **4733.05 Compensation and expenses of board**

Each member of the state board of registration for professional engineers and surveyors shall receive an amount fixed pursuant to division (J) of section 124.15 of the Revised Code per diem when actually attending to the work of the board or of any of its committees and for the time spent in necessary travel; and in addition thereto, shall be reimbursed for all actual traveling, hotel, and other expenses necessarily incurred in carrying out sections 4733.01 to 4733.23 of the Revised Code.

**HISTORY:** GC § 1083-5; 115 v 357, § 5; 124 v 825; Bureau of Code Revision, 10-01-1953; 128 v 247 (Effective 10-21-1959); 132 v H 93 (Effective 05-17-67); 137 v H 1. Effective 08-26-1977.

## 4733.06 Meetings; organization of board; record of proceedings

The state board of registration for professional engineers and surveyors shall hold at least two regular meetings each year. Special meetings shall be held at the time provided in the bylaws of the board. Notice of all meetings shall be given in the manner provided for in the bylaws. The board shall elect or appoint annually from its members, the following officers: a chairperson, a vice-chairperson, and a secretary. The board annually shall appoint an executive director. A quorum of the board shall consist of not less than three members, and no action at any meeting shall be taken without at least three votes being in accord.

The executive director shall keep a true and complete record of all proceedings of the board, and may employ clerical assistants as the board may deem necessary.

**HISTORY:** GC § 1083-7; 115 v 357, § 7; Bureau of Code Revision, 10-01-1953; 149 v H 337. Effective 08-06-2002.

## 4733.07 Rules, bylaws, seal and hearings

The state board of registration for professional engineers and surveyors shall adopt all necessary rules and bylaws, in accordance with **Chapter 119**, of the Revised Code, and not inconsistent with this chapter, and the constitutions and laws of this state or of the United States, to govern its times and places of meetings for organization and reorganization, for the holding of examinations, and for governing all other matters requisite to the exercise of its powers, the performance of its duties, and the transaction of its business. The board shall adopt and have an official seal. The board may include among the rules adopted governing the standards of practice of engineering, requirements regarding financial responsibility and professional liability insurance.

In carrying this chapter into effect, the board may hold hearings in accordance with **sections 119.01 to 119.13** of the Revised Code.

**HISTORY:** GC § 1083-8; 115 v 357, § 8; Bureau of Code Revision, 10-01-1953; 146 v H 231 (Effective 11-24-1995); 149 v H 337. Effective 08-06-2002.

## 4733.08 Deposit of receipts; vouchers; surety bonds; employees; expenditures

All receipts of the state board of registration for professional engineers and surveyors shall be deposited in the state treasury to the credit of the occupational licensing and regulatory fund. All vouchers of the board shall be approved by the board chairperson or executive director, or both, as authorized by the board. The executive director and any clerical or other assistant of the board

---

whom it may designate shall give a surety bond to this state in such sum as the board determines. The premiums on the bonds shall be regarded as a proper and necessary expense of the board, and shall be paid in the same manner as other expenditures of the board. The executive director shall receive an amount fixed pursuant to section 124.152 of the Revised Code in addition to the expenses provided for in section 4733.05 of the Revised Code. The board may employ such clerical or other assistants as are necessary for the proper performance of its work and may make expenditures for any purpose which in the opinion of the board is reasonably necessary for the proper performance of its duties.

**HISTORY:** GC § 1083-9; 115 v 358, § 9; 116 v 174; Bureau of Code Revision, 10-01-1953; 125 v 387 (Effective 10-16-1953); 126 v 426 (Effective 09-21-1955); 130 v 1147 (Effective 10-14-1963); 132 v H 93 (Effective 05-17-1967); 133 v H 610 (Effective 11-21-1969); 137 v H 1 (Effective 08-26-1977); 139 v H 694 (Effective 07-01-1982); 141 v H 201 (Effective 07-01-1985); 142 v H 610 (Effective 03-17-1989); 145 v H 152 (Effective 07-01-1993); 147 v H 215 (Effective 09-29-1997); 149 v H 337. Effective 08-06-2002.

### **4733.09 Records; applicant to provide certain information under oath; annual report, financial statement**

The state board of registration for professional engineers and surveyors shall keep a record of its proceedings and a record of all applications for registration.

On an application provided by the board, applicants shall provide information under oath, including the applicant's education and experience sufficient for the board to evaluate the credentials of the applicant pursuant to section 4733.11 of the Revised Code.

The records of the board shall be prima-facie evidence of its proceedings and a transcript thereof, duly certified by the executive director under seal, shall be admissible in evidence as if the original were produced.

Annually, as of the first day of July, the board shall submit to the governor a report of its transactions of the preceding year, and shall also transmit to the governor a complete statement of the receipts and expenditures of the board, attested by affidavits of its chairperson and its executive director.

**HISTORY:** GC § 1083-10; 115 v 358, § 10; Bureau of Code Revision, 10-01-1953; 125 v 387 (Effective 10-16-1953); 149 v H 337. Effective 08-06-2002.

### **4733.10 Annual listing of registered professional engineers, registered professional surveyors, and firms**

The state board of registration for professional engineers and surveyors shall prepare annually a listing of all registered professional engineers, registered professional surveyors, and firms that possess a certificate of authorization. The board shall provide a copy of this listing upon request

to registrants of the board and to firms possessing a certificate of authorization without charge and to the public upon request and payment of copy costs.

Additionally, the board shall issue an official verification of the status of any person registered as a professional engineer or professional surveyor in this state upon receipt of a verification form and the payment of a fee established by the board.

**HISTORY:** GC § 1083-11; 115 v 359, § 11; 120 v 145; Bureau of Code Revision, 10-01-1953; 125 v 387 (Effective 10-16-1953); 130 v 1147 (Effective 09-10-1963); 133 v S 208 (Effective 10-24-1969); 139 v H 694 (Effective 11-15-1981); 140 v H 562 (Effective 04-04-1985); 142 v H 610 (Effective 03-17-1989); 146 v H 117. Effective 09-29-1995. [ Effective 07-17-2009 ]

## 4733.11 License qualifications

(A) The state board of registration for professional engineers and surveyors shall consider an applicant to be qualified for registration as a professional engineer if an applicant satisfies all of the requirements listed in either division (A)(1) or (2) of this section as follows:

(1) (a) Graduation from an accredited engineering curriculum of four years or more;

(b) A specific record of four years or more of practical experience in engineering work completed in addition to, and not overlapping in time, any school work completed under division (A)(1)(a) of this section that is acceptable to the board, not more than two years of which may be before graduation but after the completion of the second year of college, indicating that the applicant is competent to be placed in responsible charge of such work;

(c) Passing the prescribed written or written and oral examinations under divisions (A) and (B) of section 4733.13 of the Revised Code.

(2) (a) Graduation from a college curriculum in engineering of four years or more that is not approved by the engineering accreditation commission of the accreditation board for engineering and technology, or graduation from a college curriculum in engineering technology of four years or more that is accredited by the technical accreditation commission of the accreditation board for engineering and technology;

(b) Eight years or more of practical experience in engineering work completed in addition to, and not overlapping in time, any school work completed under division (A)(2)(a) of this section that is acceptable to the state board of registration for professional engineers and surveyors, not more than two years of which may be before college graduation but after completion of the second year of college, indicating that the applicant is competent to be placed in responsible charge of such work;

(c) Passing the prescribed written or written and oral examinations under divisions (A) and (B) of section 4733.13 of the Revised Code.

(B) The state board of registration for professional engineers and surveyors shall consider an applicant to be qualified for registration as a professional surveyor if the applicant satisfies all of the requirements listed in either division (B)(1) or (2) of this section as follows:

(1) (a) Graduation from an approved curriculum in surveying of four years or more;

(b) A specific record of four years or more of surveying office and field experience completed in addition to, and not overlapping in time, any school work completed under division (B)(1)(a) of this section that is of a character acceptable to the board, at least two years of which shall be after college graduation, with at least two of the four years of work in the surveying of land boundaries under the direct supervision of a professional surveyor, who may indicate in writing that the applicant is competent to be placed in responsible charge of the work;

(c) Passing the prescribed written or written and oral examinations under divisions (A) and (C) of section 4733.13 of the Revised Code.

(2) (a) Graduation from an accredited curriculum in civil engineering of four years or more in a recognized school or college;

(b) Successful completion of at least twenty-four quarter hours, or equivalent semester or trimester hours, of approved surveying courses in surveying and mapping arts and sciences, except that courses successfully completed as prior studies may be credited by the board toward this requirement, of which at least eight quarter hours, or equivalent semester or trimester hours, are in surveying of land boundaries;

(c) A specific record of four years or more of surveying office and field experience completed in addition to, and not overlapping in time, any school work completed under division (B)(2)(a) of this section that is of a character acceptable to the board, at least two years of which shall be after college graduation, with at least two of the four years of work in surveying of land boundaries under the direct supervision of a professional surveyor, who may indicate in writing that the applicant is competent to be placed in responsible charge of the work;

(d) Passing the prescribed written or written and oral examinations under divisions (A) and (C) of section 4733.13 of the Revised Code.

(C) Engineering experience, for a professional engineer's practical experience requirement, or surveying experience, for a professional surveyor's practical experience requirement, in any of the armed forces of the United States or civilian war services may be credited for registration, if the experience is acceptable to the board.

(D) As used in this section, "an approved curriculum in surveying" is one which has been accredited by the related accreditation committee of the accreditation board for engineering and technology or one which has been approved by the state board of registration for professional engineers and surveyors.

(E) No person is eligible for registration as a professional engineer, or professional surveyor, who is not of good character and reputation.

(F) In considering the qualifications of applicants, responsible charge of engineering or surveying teaching may be construed as responsible charge of engineering or surveying work, respectively. No applicant shall receive credit for more than six years of engineering or surveying experience because of educational qualifications. The mere execution, as a contractor, of work designed by a professional engineer or professional surveyor, or the supervision of the construction of such work as a superintendent is not deemed to be practical experience in engineering or surveying work.

(G) Every person applying for registration as a professional engineer or professional surveyor shall be required to pass the fundamentals examination and the principles and practice examination as provided in section 4733.13 of the Revised Code. In addition to passing each requisite examination, each applicant must submit evidence, satisfactory to the board, that the applicant has completed the practical experience required in this section.

(H) The board shall require the applicant for registration as a professional engineer or professional surveyor to take two examinations. The first examination, known as the fundamentals examination, may be taken by the applicant at any time after the applicant has completed the required education under division (A) or (B) of this section, or, at the discretion of the board, an applicant may be permitted to take the first examination during the applicant's concluding term of an approved curriculum in engineering or surveying of four years or more.

(I) When the applicant has passed the fundamentals examination, the applicant shall be given an appropriate certificate by the board showing the applicant's status as an engineer intern or surveyor intern.

(J) The applicant is not eligible to take the second examination, known as the principles and practice examination, until the applicant has passed the fundamentals examination.

(K) Any person having the necessary qualifications to entitle the person to registration is eligible for registration though the person may not be practicing the person's profession at the time of making application.

**HISTORY:** GC § 1083-13; 115 v 359, § 13; 120 v 145; 123 v 701; 124 v 313; Bureau of Code Revision, 10-01-1953; 125 v 387 (Effective 10-16-1953); 128 v 247 (Effective 10-21-1959); 130 v 1148 (Effective 09-10-1963); 131 v 1189 (Effective 09-06-1965); 132 v H 1 (Effective 02-21-1967); 133 v H 610 (Effective 11-21-1969); 140 v H 562 (Effective 04-04-1985); 141 v H 327 (Effective 06-16-1986); 142 v H 610 (Effective 03-17-1989); 144 v H 482 (Effective 07-01-1993); 149 v H 337. Effective 08-06-2002; 150 v H 23, § 1, effective 10-29-2003.

## 4733.12 Applications for registration

(A) Applications for registration as a professional engineer or professional surveyor shall be on forms prescribed and furnished by the state board of registration for professional engineers and surveyors, shall contain statements made under oath setting forth the applicant's education and a detailed summary of the applicant's engineering or surveying experience as appropriate, and shall contain not less than five references, of whom three or more shall be professional engineers or professional surveyors having personal knowledge of the applicant's engineering or surveying experience. The application shall be accompanied by a nonrefundable application fee, which shall

be established by the board at an amount adequate to cover the costs of processing the application.

A nonrefundable examination fee for professional engineers or professional surveyors, which shall accompany the "notice of intention" for each scheduled fundamentals or principles and practice examination, shall be established by the board at an amount adequate to cover the expense of procuring, administering, and grading the examinations. A nonrefundable registration fee, which shall be paid after the applicant has passed both examinations, shall be established by the board at an amount adequate to cover the expense of registration.

(B) The board shall establish a fee for a certificate of authorization issued under section 4733.16 of the Revised Code in an amount not to exceed fifty dollars and a fee for annual renewal of a certificate of authorization, not to exceed twenty-five dollars. The fee for a duplicate certificate of authorization is five dollars.

**HISTORY:** GC § 1083-14; 115 v 361, § 14; 120 v 145; 123 v 701; Bureau of Code Revision, 10-01-1953; 132 v H 616 (Effective 12-14-1967); 139 v H 694 (Effective 07-01-1982); 139 v H 547 (Effective 03-03-1983); 140 v H 562 (Effective 04-04-1985); 142 v H 610 (Effective 03-17-1989); 149 v S 77 (Effective 10-08-2001); 149 v H 337. Effective 08-06-2002.

## 4733.13 Examinations

(A) When written or written and oral examinations are required as provided by section 4733.11 of the Revised Code, they shall be held at a time and place specified by the state board of registration for professional engineers and surveyors. The examinations shall test the applicant's knowledge to perform professional engineering or surveying services which shall insure the safety of life, health, and property. An examination referred to as the fundamentals of engineering or as the fundamentals of surveying examination shall test the applicant's knowledge of the fundamentals of engineering or surveying as appropriate.

(B) An examination referred to as the principles and practice of engineering examination shall test the applicant's knowledge of the branch of engineering in which the applicant specializes. For the purpose of this section, the branches of engineering are all those branches in which engineering examinations are offered by the board or the national council of examiners for engineering and surveying.

(C) A principles and practice of surveying examination shall test the applicant's knowledge of surveying and the laws and practices applicable to the state of Ohio.

(D) An applicant failing an examination may apply for re-examination. The fee for each re-examination shall be the same as the regular examination fee.

**HISTORY:** GC § 1083-15; 115 v 361, § 15; 123 v 701; Bureau of Code Revision, 10-01-1953; 125 v 387 (Effective 10-16-1953); 130 v 1151 (Effective 09-10-1963); 131 v 1192 (Effective 09-06-1965); 140 v H 562 (Effective 04-04-1985); 142 v H 610 (Effective 3-17-89); 149 v H 337. Effective 08-06-2002.

---

## 4733.14 Certificate of registration; seals

The state board of registration for professional engineers and surveyors shall, upon payment of the registration fee, register and issue a certificate showing initial registration of an applicant who, in the opinion of the board, has satisfactorily met all the requirements of this chapter. In the case of a registered professional engineer, the certificate shall authorize the practice of "professional engineering," and in the case of a registered professional surveyor, the certificate shall authorize the practice of "professional surveying." Certificates of registration shall show the full name of the registrant, shall have a serial number, and shall be signed by the chairperson and the secretary of the board under seal of the board.

Registration by the board shall be evidence that the person named therein is entitled to all the rights and privileges of a registered professional engineer, or of a registered professional surveyor, while the registration remains unrevoked or unexpired.

Each registrant may, upon completing registration, obtain a seal of the design authorized by the board, bearing the registrant's name and the legend, "registered professional engineer," or "registered professional surveyor," provided, however, that any registered surveyor's seal obtained prior to the amendment of this section effective April 4, 1985, 140 Ohio Laws 4092, shall remain as a legal seal for any registrant who was registered as a "registered surveyor." Plans, specifications, plats, reports, and all other engineering or surveying work products issued by a registrant shall be stamped with the seal and be signed and dated by the registrant or bear a computer-generated seal and electronic signature and date, but no person shall stamp, seal, or sign any documents after the registration of the registrant named thereon has expired or the registration has been revoked or suspended, unless the registration has been renewed or reissued.

**HISTORY:** GC § 1083-16; 115 v 362, § 16; 116 v 174, § 2; Bureau of Code Revision, 10-01-1953; 125 v 387 (effective 10-16-1953); 131 v 1193 (effective 09-06-1965); 132 v H 1 (effective 02-21-1967); 140 v H 562 (effective 04-04-1985); 142 v H 610 (effective 03-17-1989); 149 v H 337 (effective 08-06-2002); [H 699] Effective 12-28-2006.

## 4733.15 Renewal of registration

(A) Registration expires annually on the last day of December following initial registration or renewal of registration and becomes invalid on that date unless renewed pursuant to this section and the standard renewal procedure of sections 4745.01 to 4745.03 of the Revised Code. Renewal may be effected at any time prior to the date of expiration for a period of one year by the applicant's payment to the treasurer of state of a fee of twenty dollars for a renewal of registration as either a professional engineer or professional surveyor and, for renewals for calendar year 2008 and thereafter, demonstration of completion of the continuing professional development requirements of section 4733.151 of the Revised Code. When notified as required in this section, a registrant's failure to renew registration shall not deprive the registrant of the right of renewal within the following twelve months, but the fee to renew a registration within twelve months after expiration shall be increased fifty per cent, and the registrant shall certify completion of continuing professional development hours as required in section 4733.151 of the Revised Code.

The state board of registration for professional engineers and surveyors may, upon request, waive the payment of renewal fees or the completion of continuing professional development requirements for a registrant during the period when the registrant is on active duty in connection with any branch of the armed forces of the United States.

(B) Each certificate of authorization issued pursuant to section 4733.16 of the Revised Code shall authorize the holder to provide professional engineering or professional surveying services, through the registered professional engineer or professional surveyor designated as being in responsible charge of the professional engineering or professional surveying practice, from the date of issuance until the last day of June next succeeding the date upon which the certificate was issued, unless the certificate has been revoked or suspended for cause as provided in section 4733.20 of the Revised Code or has been suspended pursuant to section 3123.47 of the Revised Code.

(C) If a registrant fails to renew registration as provided under division (A) of this section, renewal and reinstatement may be effected under rules the board adopts regarding requirements for reexamination or reapplication, and reinstatement penalty fees. The board may require a registrant who fails to renew registration to complete those hours of continuing professional development required from the effective date of this section, as a condition of renewal and reinstatement if the registrant seeks renewal and reinstatement under this division on or after January 1, 2009.

**HISTORY:** GC § 1083-17; 115 v 362, § 17; Bureau of Code Revision, 10-01-1953; 125 v 387 (Effective 10-16-1953); 126 v 426 (Effective 09-21-1955); 131 v 1193 (Effective 09-06-1965); 132 v H 616 (Effective 12-14-1967); 132 v H 911 (Effective 06-11-1968); 133 v S 208 (Effective 10-24-1969); 139 v H 9 (Effective 07-05-1982); 139 v H 547 (Effective 03-03-1983); 140 v H 562 (Effective 04-04-1985); 142 v H 171 (Effective 07-01-1987); 144 v H 298 (Effective 07-26-1991); 146 v H 167 (Effective 11-15-1996); 148 v S 180 (Effective 03-22-2001); 149 v H 337. Effective 08-06-2002; 150 v H 322, § 1, effective 05-18-2005.

## **4733.151 Continuing professional development requirements**

(A) Each registrant for renewal for calendar year 2008 and thereafter shall have completed, within the preceding calendar year, at least fifteen hours of continuing professional development for professional engineers and surveyors.

(B) The continuing professional development requirement may be satisfied by coursework or activities dealing with technical, ethical, or managerial topics relevant to the practice of engineering or surveying. A registrant may earn continuing professional development hours by completing or teaching university or college level coursework, attending seminars, workshops, or conferences, authoring relevant published papers, articles, or books, receiving patent awards, or actively participating in professional or technical societies serving the engineering or surveying professions.

In the case of the board disputing the content of any credit hours or coursework, then the board shall presume as a matter of law that any credit hours submitted by a registrant, or any coursework or activity submitted for approval complies with this section if submitted and a statement signed by a current registrant not otherwise participating in the event, affirms that the

---

material is relevant to the registrant's practice and will assist the registrant's development in the profession.

Credit for university or college level coursework shall be based on the credit established by the university or college. One semester hour as established by the university or college shall be the equivalent of forty-five hours of continuing professional development, and one quarter hour as established by the university or college shall be the equivalent of thirty hours of continuing professional development.

Credit for seminars, workshops, or conferences offering continuing education units shall be based on the units awarded by the organization presenting the seminar, workshop, or conference. A registrant may earn ten continuing professional development hours for each continuing education unit awarded. Each hour of attendance at a seminar, workshop, or conference for which no continuing education units are offered shall be the equivalent of one continuing professional development hour.

A registrant may earn two continuing professional development hours for each year of service as an officer or active committee member of a professional or technical society or association that represents registrants or entities composed of registrants. A registrant may earn ten continuing professional development hours for authoring relevant published papers, articles, or books. A registrant may earn ten continuing professional development hours for each such published paper, article, or book. A registrant may earn ten continuing professional development hours for each patent award.

(C) A person registered as both a professional engineer and professional surveyor shall complete at least five of the fifteen hours required under division (A) of this section in engineering-related coursework or activities and at least five of those fifteen hours in surveying-related coursework or activities.

(D) A registrant is exempt from the requirements of this section during the first calendar year of registration.

(E) A registrant who completes more than fifteen hours of approved coursework or activities in any calendar year may carry forward to the next calendar year a maximum of fifteen of the excess hours.

(F) A registrant shall maintain records to demonstrate completion of the continuing professional development requirements specified in this section for a period of three calendar years beyond the year in which certification of the completion of the requirements is obtained by the registrant. The records shall include all of the following:

(1) A log specifying the type of coursework or activity, its location and duration along with the instructor's name, and the number of continuing professional development hours earned;

(2) Certificates of completion or other evidence verifying attendance.

(G) The records specified in division (F) of this section may be audited at any time by the state board of registration for professional engineers and surveyors. If the board discovers that a

---

registrant has failed to complete coursework or activities, it shall notify the registrant of the deficiencies and allow the registrant six months from the date of the notice to rectify the deficiencies and to provide the board with evidence of satisfactory completion of the continuing professional development requirements. If the registrant fails to provide such evidence within that six-month period, the board may revoke or suspend the registration after offering an adjudication hearing in accordance with **Chapter 119.** of the Revised Code.

**HISTORY:** 150 v H 322, § 1, Effective 05-18-2005.

### **4733.16 Practice by firm, partnership, association, limited liability company or corporation**

(A) A firm, partnership, association, limited liability company, or corporation may provide professional engineering or professional surveying services in this state as long as the services are provided only through natural persons registered to provide those services in the state, subject to the exemptions in sections 4733.17 and 4733.18 of the Revised Code and subject otherwise to the requirements of this chapter.

(B) No firm, partnership, association, limited liability company, or corporation, except a corporation that was granted a charter prior to August 7, 1943, to engage in providing professional engineering or professional surveying services in this state or that was otherwise lawfully providing engineering services in this state prior to November 15, 1982, shall engage in providing professional engineering or professional surveying services, hold itself out to the public as being engaged in providing professional engineering or professional surveying services, or use a name including one or more of the words “engineer,” “engineering,” “surveyor,” or “surveying” or any modification or derivation of those words, unless the firm, partnership, association, limited liability company, or corporation obtains a certificate of authorization from the state board of registration for professional engineers and surveyors and files all information required to be filed under this section with the state board of registration for professional engineers and surveyors and otherwise complies with all requirements of this chapter. A nonprofit membership corporation may use a name including one or more of the words “engineer,” “engineering,” “surveyor,” or “surveying” or any modification or derivation of those words without complying with this section.

(C) A corporation may be organized under Chapter 1701. of the Revised Code, a professional association may be organized under Chapter 1785. of the Revised Code, or a limited liability company may be formed under Chapter 1705. of the Revised Code for the purpose of providing professional engineering, professional surveying, architectural, or landscape architectural services or any combination of those services. A corporation organized under Chapter 1701. of the Revised Code for the purpose of providing those services also may be organized for any other purpose in accordance with that chapter.

(D) Each firm, partnership, association, limited liability company, or corporation through which professional engineering or professional surveying services are offered or provided in this state shall designate one or more full-time partners, managers, members, officers, or directors as being responsible for and in responsible charge of the professional engineering or professional surveying activities and decisions, and those designated persons shall be registered in this state.

Each firm, partnership, association, limited liability company, or corporation shall annually file with the state board of registration for professional engineers and surveyors the name and address of all owners and all persons designated as being in responsible charge of the professional engineering or professional surveying activities and decisions and any other information the board may require.

(E) The state board of registration for professional engineers and surveyors shall issue a certificate of authorization to each firm, partnership, association, limited liability company, or corporation that satisfies the requirements of this chapter, including providing information that the board may require pursuant to division (D) of this section.

(F) This section does not modify any law applicable to the relationship between a person furnishing a professional service and a person receiving that service, including liability arising out of that service.

(G) Nothing in this section shall restrict or limit in any manner the authority or duty of the state board of registration for professional engineers and surveyors with respect to natural persons providing professional services or any law or rule pertaining to standards of professional conduct.

(H) Corporations, partnerships, associations, limited liability companies, or firms organized under the laws of another state or country wishing to provide professional engineering or professional surveying services shall obtain a certificate of authorization and meet the applicable requirements of this section.

**HISTORY:** GC § 1083-18; 115 v 363, § 18; 120 v 145; Bureau of Code Revision, 10-01-1953; 128 v 247 (Effective 10-21-1959); 130 v 1151 (Effective 09-10-1963); 137 v H 297 (Effective 10-20-1978); 139 v H 547 (Effective 03-03-1983); 140 v H 562 (Effective 04-04-1985); 142 v H 610 (Effective 03-17-1989); 145 v S 74 (Effective 07-01-1994); 149 v S 77. Effective 10-08-2001; 150 v H 322, § 1, effective 05-18-2005.

### **4733.161 Contractor may provide engineering services through arrangement with registered engineer; unauthorized practice prohibited**

(A) Notwithstanding any other provision of this chapter, any person who performs labor or who provides services pursuant to a construction contract may offer or provide engineering services in connection with the person's own labor or services if all of the following apply:

(1) The engineering services are provided and performed by an engineer registered under this chapter or by a firm holding a certificate of authorization granted pursuant to this chapter through either direct employment or independent contract with the person contracting with the owner and offering the services.

(2) The engineering services are offered by the person who intends to perform the actual construction of an improvement to real property as part of a design-build contract.

(3) The contractor, the engineer registered under this chapter, or the firm holding a certificate of authorization granted pursuant to this chapter meets the requirements of section 153.70 of the Revised Code when design-build services are provided to a public authority as defined in section 153.65 of the Revised Code.

(B) Except as otherwise provided in this section, no person shall offer or engage in the practice of engineering without a certificate of authorization for any construction contract that is to be constructed by another person, or hold himself or herself out to the public as engaging in the practice of engineering or as providing engineering services without a certificate of authorization.

(C) As used in this section, "construction contract" and "design-build" have the same meaning as in section 4703.182 of the Revised Code.

**HISTORY:** 146 v H 231. Effective 11-24-1995.

## **4733.17 Inspection of public works projects**

Neither this state, nor any of its political subdivisions, nor any municipal corporation shall engage in the construction of any public work involving the practice of professional engineering or professional surveying, for which plans, specifications, and estimates have not been made by, and the construction thereof inspected by, a licensed professional engineer or professional surveyor; provided this section shall not apply to the design, construction, improvement, or maintenance of any public work wherein the contemplated expenditure for the completed project does not exceed five thousand dollars. Any contract for engineering or surveying services executed in violation of this section shall be void and any moneys advanced or paid under such contract by this state or any of its political subdivisions or any municipal corporation shall be refunded forthwith.

Sections 4733.01 to 4733.23 of the Revised Code, do not exclude a qualified or registered architect from such engineering practice as may be incident to the practice of his profession, or do not exclude a professional engineer from such architectural practice as may be incident to the practice of professional engineering.

**HISTORY:** GC § 1083-19; 115 v 363, § 19; 116 v 174, § 3; Bureau of Code Revision, 10-01-1953; 130 v 1152 (Effective 09-10-1963); 133 v H 610 (Effective 11-21-1969); 140 v H 562. Effective 04-04-1985.

## **4733.18 Temporary registration; exemptions from provisions**

(A) The state board of registration for professional engineers and surveyors may authorize a temporary registration for an individual who has filed with the board an application for a temporary registration and has paid the required fee. The temporary registration continues only for the time the board requires for consideration of the application for registration, provided a person is legally qualified to practice that profession in the person's own state in which the requirements and qualifications of registration are not lower than those specified in this chapter.

(B) (1) The following persons are exempt from this chapter:

(a) An employee or a subordinate of a person registered under this chapter or an employee of a person holding temporary registration under division (A) of this section, provided the employee's or subordinate's duties do not include responsible charge of engineering or surveying work;

(b) Officers and employees of the government of the United States while engaged within this state in the practice of engineering or surveying, for that government;

(c) An engineer engaged solely as an officer of a privately owned public utility.

(2) This chapter does not require registration for the purpose of practicing professional engineering, or professional surveying by an individual, firm, or corporation on property owned or leased by that individual, firm, or corporation unless the same involves the public welfare or the safeguarding of life, health, or property, or for the performance of engineering or surveying which relates solely to the design or fabrication of manufactured products.

(C) Nothing in this chapter prevents persons other than engineers from preparing plans, drawings, specifications, or data, from filing applications for building permits, or from obtaining those permits for residential buildings, as defined by section 3781.06 of the Revised Code, or buildings that are erected as one-, two-, or three-family units or structures within the meaning of the term "industrialized unit" as provided in section 3781.06 of the Revised Code.

(D) Nothing in this chapter prevents persons other than engineers from preparing drawings or data, from filing applications for building permits, or from obtaining those permits for the installation of replacement equipment or systems that are similar in type or capacity to the equipment or systems being replaced, and for any improvement, alteration, repair, painting, decorating, or other modification of any buildings or structures subject to sections 3781.06 to 3781.18 and 3791.04 of the Revised Code where the building official determines that no plans or specifications are required for approval.

**HISTORY:** GC § 1083-20; 115 v 363, § 20; 116 v 174; 117 v 272, § 2; Bureau of Code Revision, 10-01-1953; 126 v 426 (Effective 09-21-1955); 128 v 247 (Effective 10-21-1959); 130 v 1152 (Effective 09-10-1963); 140 v H 562 (Effective 04-04-1985); 142 v H 610 (Effective 03-17-1989); 146 v H 231 (Effective 11-24-1995); 146 v H 282 (Effective 03-04-1996); 147 v S 142 (Effective 03-30-1999); 149 v H 337. Effective 08-06-2002; 150 v H 175, § 1, effective 05-27-2005.

## 4733.19 Reciprocity [Comity]

A person registered or licensed to engage in the practice of engineering or surveying by a proper authority of a state, territory, or possession of the United States, or the District of Columbia, who, in the opinion of the state board of registration for professional engineers and surveyors, meets the requirements of this chapter, based on verified evidence, may, upon application and payment of the established fee, be registered.

---

Any person who seeks registration as a professional surveyor under this section must pass a two-hour professional practice examination, devoted to the laws and practices of this state prior to receiving such registration.

**HISTORY:** GC § 1083-21; 115 v 364, § 21; 120 v 145; Bureau of Code Revision, 10-01-1953; 125 v 387 (Effective 10-16-1953); 132 v H 616 (Effective 12-14-1967); 133 v H 610 (Effective 11-21-1969); 140 v H 562 (Effective 04-04-1985); 149 v H 337. Effective 08-06-2002.

## **4733.20 Disciplinary actions; code of ethics; complaints; duplicate certificates**

(A) Pursuant to this section, the state board of registration for professional engineers and surveyors may fine, revoke, suspend, refuse to renew, or limit the registration, or reprimand, place on probation, deny an applicant the opportunity to sit for an examination or to have an examination scored, or impose any combination of these disciplinary measures on any applicant or registrant, or revoke the certificate of authorization of any holder found to be or to have been engaged in any one or more of the following acts or practices:

- (1) Any fraud or deceit in obtaining registration or a certificate of authorization;
- (2) Any gross negligence, incompetency, or misconduct in the practice of professional engineering or professional surveying as a registered professional engineer or registered professional surveyor;
- (3) Aiding or abetting any person to practice professional engineering or professional surveying illegally in the state;
- (4) Conviction of or plea of guilty to any felony or crime involving moral turpitude;
- (5) Violation of this chapter or any rule adopted by the board;
- (6) Violation of any condition of limitation placed by the board upon the registration of any professional engineer or professional surveyor;
- (7) Failure to abide by or comply with examination instructions.

(B) The board shall cause to have prepared and shall adopt a code of ethics, which it shall make known to every registrant. The board may revise and amend this code of ethics from time to time in accordance with Chapter 119. of the Revised Code.

(C) Any person may file with the board a complaint alleging fraud, deceit, gross negligence, incompetency, misconduct, or violation of this chapter or any rule adopted by the board pursuant to section 4733.07 of the Revised Code. Complaints shall be in writing.

(D) The board may investigate any registrant or holder of a certificate of authorization to determine whether the registrant or certificate holder is or has been engaged in any one or more of the acts or practices listed in division (A) of this section. The board, by subpoena, may compel witnesses to appear and testify in relation to any investigation under this chapter and may require, by subpoena duces tecum, the production and copying of any book, paper, or document pertaining to an investigation. If a person fails to comply with the subpoena or subpoena duces tecum, the board may apply to the Franklin county court of common pleas for an order compelling the person to comply or, for the failure to do so, to be held in contempt of court.

(E) If the board determines there is cause to believe that an applicant, registrant, or a holder of a certificate of authorization is or has been engaged in any act or practice listed in division (A) of this section, the board shall issue a written charge and notify the applicant, registrant, or certificate holder of the right to an adjudication hearing, in accordance with Chapter 119. of the Revised Code. If the accused applicant, registrant, or holder of a certificate of authorization fails or refuses to appear, or does not request a hearing within the time period specified in Chapter 119. of the Revised Code, the board may determine the validity of the charge and issue an adjudication order in accordance with Chapter 119. of the Revised Code.

(F) If a majority of the board votes in favor of sustaining the charge, the board shall impose one or any combination of the following disciplinary measures:

(1) Reprimanding the individual;

(2) Imposing a fine on the individual of not more than one thousand dollars for each offense committed by the individual;

(3) Refusing to renew, suspending, or revoking the individual's registration, or revoking the holder's certificate of authorization;

(4) Refusing to allow an applicant to take an examination;

(5) Refusing to score an applicant's examination.

The board, for good cause shown, may reregister any person or reissue a certificate of authorization to any corporation, firm, partnership, association, or limited liability company whose registration or certificate has been revoked or suspended.

(G) Any applicant, registrant, or certificate holder aggrieved by any action of the board in fining the registrant or denying, suspending, refusing to renew, or revoking the registrant's registration or a certificate of authorization, or denying an applicant the opportunity to take an examination or to have an examination scored may appeal such action to the proper court under section 119.12 of the Revised Code.

(H) A new certificate of authorization to replace any certificate revoked, lost, destroyed, or mutilated, may be issued, subject to the rules of the board, upon payment of a fee established by the board at an amount adequate to cover the expense of issuing a duplicate certificate of authorization.

**HISTORY:** GC § 1083-22; 115 v 364, § 22; 120 v 358 (378), § 2; Bureau of Code Revision, 10-01-1953; 127 v 808 (Effective 09-16-1957); 130 v 1153 (Effective 09-10-1963); 130 v PtlI, 235 (Effective 12-16-1964); 133 v H 610 (Effective 11-21-1969); 139 v H 694 (Effective 11-15-1981); 139 v H 547 (Effective 03-03-1983); 140 v H 562 (Effective 04-04-1985); 142 v H 610 (Effective 03-17-1989); 149 v H 337. Effective 08-06-2002.

## **4733.21 Legally recognized professions not affected**

Sections 4733.01 to 4733.23, inclusive, of the Revised Code shall not affect or prevent the practice of any other legally recognized profession, or exclude persons licensed as stationary engineers or boiler operators from the operation or the supervision of the operation of steam, power, or refrigeration plants.

**HISTORY:** GC § 1083-24; 115 v 366, § 24; 117 v 272; Bureau of Code Revision. Effective 10-01-1953.

## **4733.22 Prohibited acts**

No person shall practice, or offer to practice, the profession of engineering or the profession of surveying without being registered or exempted in accordance with this chapter, or present or attempt to use as the person's own the registration, the certificate of authorization, or the seal of another, or give any false or forged evidence of any kind to the state board of registration for professional engineers and surveyors or to any member thereof in obtaining registration or a certificate of authorization, or falsely impersonate any other registrant or holder of a certificate of authorization of like or different name, or attempt to use an expired, suspended, or revoked registration or certificate of authorization, or otherwise violate this chapter.

**HISTORY:** GC § 1083-23; 115 v 365, § 23; Bureau of Code Revision, 10-01-1953; 139 v H 547 (effective 03-03-1983); 142 v H 610 (effective 03-17-1989); 149 v H 337. Effective 08-06-2002.

## **4733.23 Restriction on public authorities; injunction against violation**

Except as otherwise provided in divisions (B), (C), and (D) of section 4733.18 of the Revised Code, no public authority, as defined in division (A) of section 153.65 of the Revised Code, shall accept or use any engineering or surveying plan prepared by any person not registered as a professional engineer or professional surveyor under this chapter. The state board of registration for professional engineers and surveyors is hereby authorized to apply for relief by injunction or restraining order to enjoin or restrain a person from the commission of any act which is prohibited by this chapter. The remedy provided by this section shall be in addition to any other remedy provided by law. The attorney general or the attorney general's designated assistant shall act as legal adviser of the board and render such legal assistance as may be necessary.

**HISTORY:** Bureau of Code Revision, 10-01-1953; 127 v 808 (Effective 09-16-1957); 149 v H 337. Effective 08-06-2002.

## **[4733.24 Repealed]**

This section concerned surveyor's chains and testimony.

---

**HISTORY:** Repealed, 149 v H 337, § 2 [RS § 1058; S&S 925; 58 v 78, § 15; GC § 2619; Bureau of Code Revision, 10-01-1953;

### **4733.25 Fees in excess of statutory amounts**

The state board of registration for professional engineers and surveyors, subject to the approval of the controlling board and except for fees required to be established by the board at amounts “adequate” to cover designated expenses, may establish fees in excess of the amounts provided by sections 4733.01 to 4733.99 of the Revised Code, provided that such fees do not exceed the amounts permitted by these sections by more than fifty per cent.

**HISTORY:** 130 v 1154 (Effective 10-14-1963); 139 v H 694. Effective 11-15-1981.

### **4733.26 Using engineer or engineering in name on or before July 1, 1973**

Nothing in this chapter shall be construed to restrict the use by any corporation or partnership of the word “engineer” or “engineering” in a corporate or business name of any corporation or partnership providing services in an area related to the practice of engineering, provided that the corporation or partnership was incorporated or established on or before July 1, 1973, and the word “engineer” or “engineering” has been continuously used in the corporation’s or partnership’s business name since that date and that the corporation or partnership is not engaged in the practice of engineering and as construed by the courts on the effective date of this section.

**HISTORY:** 144 v H 482. Effective 07-01-1993.

### **4733.27 Effect of child support default on registration or certificate**

On receipt of a notice pursuant to section 3123.43 of the Revised Code, the state board of registration for engineers and surveyors shall comply with sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code with respect to registration and certificates of authorization issued pursuant to this chapter.

**HISTORY:** 146 v H 167 (Effective 11-15-1996); 148 v S 180 (Effective 03-22-2001); 149 v H 337. Effective 08-06-2002.

### **4733.99 Penalty**

(A) Whoever violates section 4733.22 of the Revised Code shall be fined not less than one hundred nor more than five hundred dollars or imprisoned not more than ninety days, or both.

# Ohio Laws and Rules

## Chapter Three – Ohio Administrative Code (A.C.) Chapter 4733 Rules

---

---

## 4733-1 General Provisions

### ***4733-1-01 Notice for change of rule.***

(A) Before a new rule is adopted or an existing one amended or rescinded, the Ohio state board of registration for professional engineers and surveyors shall, at least thirty (30) days prior to the date set for a hearing, as provided by **section 119.03**, of the Revised Code, give public notice of such hearing by ordering the publication of its intention to consider the adoption, amendment, or rescission or such rule or rules by posting such notice on the website for the register of Ohio and the website for the Ohio state board of registration for professional engineers and surveyors. Such notice will provide the date, time and place of the proposed hearing. The text of the proposed rule, amendment, or rule to be rescinded shall be made available on the website for the register of Ohio.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.07

Prior Effective Dates: 10/06/1967; 11/01/2003

### ***4733-1-02 Name.***

The name of this board as fixed by Sec. 4733.03 R.C. is the STATE BOARD OF REGISTRATION FOR PROFESSIONAL ENGINEERS AND SURVEYORS. For the purpose of brevity in the succeeding by-laws, this organization shall be subsequently referred to as the "Board."

**Effective date: 10/06/1967**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.03

Prior Effective Date: 10/06/1967

### ***4733-1-03 Headquarters.***

The headquarters of the Board shall be at Columbus, Ohio.

**Effective date: 10/06/1967**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.03

Prior Effective Date: 10/06/1967

**4733-1-04 Board seal.**

The seal of the Board shall be as follows: an embossed circular seal two and one-fourth inches in diameter consisting of two concentric circles, the outer circle to be two and one-eighth inches in diameter, the inner one to be one and three-eighths inches in diameter and containing the great seal of the State of Ohio, "State Board of Registration for Professional Engineers and Surveyors."

**Effective date:** 10/06/1967

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.03

Prior Effective Date: 10/06/1967

**4733-3 Officers****4733-3-01 The chairperson.**

The chairperson shall, when present, preside at all meetings and shall appoint all committees and shall otherwise perform all duties pertaining to the office of chairperson and shall sign all certificates and other official documents.

**Effective date:** 11/01/2003

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.06

Prior Effective Dates: 10/06/1967; 11/01/2003

**4733-3-02 The vice-chairperson.**

The vice-chairperson shall, in the absence or incapacity of the chairperson, exercise the duties and shall possess all the powers of the chairperson.

**Effective date:** 11/01/2003

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.06

Prior Effective Dates: 10/06/1967; 11/01/2003

**4733-3-03 The secretary.**

The secretary shall be the overall supervisor of the office of the board and have general charge of all functions of its operation as carried out under the direct supervision of the executive director. The secretary shall sign all certificates and other official documents.

**Effective date:** 11/01/2003

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

---

Rule Amplifies: [R.C. 4733.06](#)  
Prior Effective Dates: 10/06/1967; 11/01/2003

### **4733-3-04 The executive director.**

The executive director shall be directly responsible to the secretary and shall conduct and care for all correspondence in the name of the board and shall record and file all applications, certificates of registration, examinations, registrations and revocations; keep a record of all meetings and shall maintain a proper account of all the business of the board; shall receive and account for all monies and transfer same to the state treasurer; shall present to the board annually at the September meeting a report of the transactions of the board of the preceding fiscal year, and a complete statement of the receipts and expenditures of the board, and upon its being approved by the board shall transmit the same to the governor.

The executive director shall assemble all necessary information required for preparation of an electronic roster showing the name and address of each registered professional engineer and each registered professional surveyor, as required by law.

**Effective date: 11/24/2008**

## **4733-5 Procedural Rules**

### **4733-5-02 Notice of meeting.**

(A) A notice and proposed agenda of each meeting of the board shall be sent to each member of the board, by the executive director, and shall be deemed full and proper notice thereof. A copy of the minutes of the previous meeting shall accompany the agenda for review prior to approval at the next meeting.

(B) Any person may ascertain the time and place of all regularly scheduled meetings and the time, place, and purpose of all special meetings by:

(1) Writing to the following address: "The State Board of Registration for Professional Engineers and Surveyors, 50 West Broad Street, 18th Floor, Columbus, Ohio 43215."

(2) Calling the following telephone number during normal business hours: (614) 466-3651.

(3) Any person may receive notice of all meetings of the board. The executive director shall maintain a list of all persons who have requested such notification.

(C) Any representative of the news media may obtain notice of all special meetings by requesting in writing that such notice be provided. Such notice will only be given, however, to one representative of any particular publication or radio or television station.

The request shall provide the name of the individual media representative to be contacted, the mailing address and a maximum of two telephone numbers where the representative can be reached. The executive director shall maintain a list of all representatives of the news media who have requested notice of special meetings pursuant to this rule.

(D) In the event of a special meeting not of an emergency nature, the executive director shall notify all media representatives on the list of such meeting by doing at least one of the following:

(1) Sending written notice, which must be sent no later than four calendar days prior to the day of the special meeting;

(2) Notifying such representatives personally or by telephone no later than twenty-four hours prior to the special meeting; such telephone notice shall be complete if a message has been left for the representative.

(E) In the event of a special meeting of an emergency nature, the executive director shall notify all media representatives on the list of such meeting by notifying the clerk of the state house press room. In such event, however, the notice need not be given twenty-four hours prior to the meeting but shall be given as soon as possible.

(F) In giving the notices required by paragraph (C) of this rule the executive director may rely on assistance provided by any member or employee of the board and any such notice is complete if given by such member or employee in the manner provided in paragraph (C) of this rule.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C.4733.06

Prior Effective Dates: 10/06/1967; 04/20/1990; 11/01/2003; 11/24/2008

## **4733-9 Qualifications for Registration by Examination, Experience, or Education**

### ***4733-9-01 Experience and examinations.***

(A) The phrase “Graduation from a college curriculum in engineering that is not approved by the engineering accreditation commission of the accreditation board for engineering and technology” used in division (A)(2)(a) of section 4733.11 of the Revised Code is interpreted by the board to mean a “baccalaureate degree in engineering not accredited by the engineering accreditation commission of the accreditation board for engineering and technology such as those programs recently developed or programs offered by foreign schools evaluated by the board as being substantially equivalent to those which have been accredited.”

(B) The board shall consider applications from persons possessing one of the following qualifications:

(1) Professional engineer — A graduate of an approved engineering curriculum of four academic years or more from a school or college approved by the board, and who has had four or more years of experience of a type satisfactory to the board.

(2) Professional engineer — Having satisfactorily completed four academic years or more from a college curriculum in engineering that is not approved by the “Education Accreditation Commission/Accreditation Board for Engineering and Technology (EAC/ABET)”, or in engineering technology and who has eight years or more of progressive experience in engineering work indicating that the applicant is competent to be placed in responsible charge of such work.

(3) As a professional surveyor after December 31, 1992, either by:

(a) Graduation from an approved curriculum in surveying of four years or more in a recognized school or college, and a specific record of an additional four years or more of surveying office and field experience of a character acceptable to the board, with at least two of these years in responsible charge of this work under the direct supervision of a professional surveyor, and passing the prescribed written, or written and oral examination;

(b) Graduation from an approved curriculum in civil engineering of four years or more in a recognized school or college, successful completion of at least twenty-four quarter hours, or equivalent semester or trimester hours, of approved surveying courses in surveying directly and mapping arts and sciences, except that courses successfully completed as prior studies may be credited by the board toward this requirement, of which at least eight quarter hours, or equivalent semester or trimester hours, are in property surveying, and a specific record of an additional four years or more of surveying office and field experience of a character acceptable to the board, with at least two of these years in responsible charge of this work under the direct supervision of a professional surveyor, and passing the prescribed written, or written and oral examination.

(C) Cut-off date for new or renewed applications for each examination is one hundred twenty days before the examination date. All experience or education and experience requirements must be met one hundred twenty days before the examination date.

---

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.11

Prior Effective Dates: 12/01/1968; 06/01/1977; 03/18/1989; 10/22/1990; 05/31/1994; 04/01/2003; 11/01/2003; 11/24/2008

### **4733-9-02 Acceptable engineering experience defined.**

(A) Satisfactory engineering work shall be of a nature such that its adequate performance requires engineering education, training, or experience and must be demonstrated through the application of the mathematical, physical and engineering sciences. Satisfactory engineering experience shall include but not be limited to, an acceptable combination of the following types of engineering activities:

- (1) Design or conceptual design of engineering works, products, or systems;
- (2) Development or optimization of plans and specifications for engineering works, products, or systems;
- (3) Analysis, consultation, investigation, evaluation, planning or other related services for engineering works, products, or systems;
- (4) Planning the use or alteration of land, water, or other resources;
- (5) Engineering for development of operating and maintenance manuals;
- (6) Engineering for construction, or inspection of construction for the purpose of assuring compliance with drawings or specifications;
- (7) Engineering for materials testing and evaluation;
- (8) Any other work of a mechanical, electrical, electronic, chemical, hydraulic, pneumatic, geotechnical, or thermal nature that requires engineering education, training or experience for its adequate performance;
- (9) Teaching experience, to be creditable, must be in engineering or engineering-related subjects at an advanced level in a college or university offering an engineering program of four years or more that is approved by the board.
- (10) Experience gained in engineering research and design projects by members of an engineering faculty where the program is approved by the board is creditable.

(B) Experience shall not be obtained in violation of the licensure act.

(C) Experience gained in the armed services, to be creditable, shall be of a character equivalent to that which would have been gained in the civilian sector doing similar work. Normally, it would

be expected that the applicant while in the armed services served in an engineering or engineering-related group.

(D) Experience shall be gained under the supervision of a licensed professional engineer or, if not, an explanation shall be made showing why the experience should be considered acceptable. Experience gained under the technical supervision of an unlicensed individual shall be considered if the appropriate credentials of the unlicensed supervisor are submitted to the board.

(E) For sales experience to be creditable, it shall be demonstrated that engineering principles were required and used in gaining the experience.

(F) Experience in construction, to be creditable, must demonstrate the application of engineering principles.

(G) Successful completion of graduate study leading to the master's degree in engineering which has followed a baccalaureate degree in engineering from an accredited program may be used for credit for one year's experience. If the Ph.D. in engineering is completed under the same conditions, two years total experience may be credited. The two years credit includes the one year for the master's degree. If the Ph.D. is obtained without the master's degree, the credit for experience may be two years. Credit for work experience and for undergraduate or graduate study, occurring within the same period, shall not exceed the elapsed calendar time during which this occurs.

(H) In the review of engineering experience, the board shall consider whether the experience was sufficiently complex and diverse, and of an increasing standard of quality and responsibility and whether the quality of engineering work shows minimum technical competency.

Replaces: part of 4733-9-04

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.11

Prior Effective Dates: 10/04/1976; 04/14/1985; 03/08/1989; 02/01/1996; 11/01/2003; 11/24/2008

### ***4733-9-04 Examinations and minimum grades and intern certificates.***

(A) Examinations for surveyors and engineers will be held two times each year on dates set by the national council of examiners for engineering and surveying.

(B) The language of the examination will be in English.

(C) The written examination required for original registration will be given in two days, of eight hours each.

(D) Locations at which the examinations are given are designated by the board.

(E) In determining an applicant's qualifications for registration by written examination, the following minimum grades will be required:

(1) For stage one of the written examination, covering the fundamentals of engineering or fundamentals of surveying, a passing grade as set by the national council for examiners of engineering and surveying and approved by the board is required.

(2) For stage two of the written examination, covering the principles and practice of engineering, a passing grade as set by the national council of examiners for engineering and surveying and approved by the board is required.

(3) For stage two of the written examination, covering the principles and practice of surveying, the applicant must pass both the six hour national principles and practice examination and the two hour professional practice examination devoted to the laws and practices of this state. A passing grade as set by the national council of examiners for engineering and Surveying and approved by the board is required for the six hour national principles and practice examination and a minimum grade of seventy is required for passing the two hour professional practice examination devoted to the laws and practice of this state .

(F) Recent graduates or currently enrolled students may apply to take the "Fundamentals of Engineering or Fundamentals of Surveying" examination by submitting a letter from an authorized college or university representative instead of submitting an official curriculum transcript. For the purposes of this section, a "recent graduate" is a person who has graduated but cannot produce an official transcript ninety days before the examination. Currently enrolled students must anticipate graduation within six months after the next scheduled examination.

(1) For the "Fundamentals of Engineering" examination, the board will only consider Ohio EAC/ABET accredited engineering curricula or Ohio TAC/ABET accredited engineering technology curricula.

(2) For the "Fundamentals of Surveying" examination the board will only consider Ohio ASAC/ABET accredited surveying curricula or Ohio board approved surveying curricula.

(G) Upon successful completion of the fundamentals examination, a certificate as an engineer intern or surveyor intern will be issued by the board. Such certificate as an engineer intern or surveyor intern does not allow the holder of such a certificate to perform, offer to perform or contract for engineering or surveying services or to use the initials P.E. or P.S. with their name.

(H) A person who has passed the NCEES fundamentals of engineering or surveying examinations from another state, territory of the United States, or District of Columbia will not need to again pass said examinations in Ohio.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.13

Prior Effective Dates: 10/04/1976; 04/14/1985; 03/08/1989; 02/01/1996; 11/01/2003; 11/24/2008

---

## **4733-13 Registration by Endorsement, Reciprocity [Comity], or Temporary Certification**

### ***4733-13-01 Comity and temporary registration.***

(A) Every state requires registration for engineers and surveyors who engage in professional practice within its borders. A person who desires to accept employment in another state should know how to continue practicing there in a legal manner.

(B) The national council of examiners for engineering and surveying has endeavored for many years to develop a plan for registration by comity, but every state must measure the qualifications of each individual to whom it grants a professional license. The Ohio board will grant registration to a licensee of another state when the applicant has met the standards equal to those specified in the law of this state at the time his certificate of registration was received. However, the person applying for registration as a professional surveyor by comity in Ohio, shall be required to pass the final two hour professional examination, devoted to the laws and practices peculiar to the state of Ohio.

(C) The Ohio board cannot guarantee that an Ohio registrant will be granted a license elsewhere merely because of registration in this state.

(D) An Ohio registrant desiring registration in another state should contact the board of the state in which the registrant is interested, for an application and instructions. The Ohio board will be contacted by the other state board relative to the applicant's record, and will furnish the information promptly.

(E) Division (A) of section 4733.18 of the Revised Code permits a registered engineer or surveyor of another state to practice temporarily in Ohio until permanent registration is granted. It is conditioned on the provisions that such person is legally qualified by registration to practice the said profession in the applicant's own state or U.S. territory and that the qualifications under which said applicant obtained registration in said state meet the requirements of section 4733.11 and section 4733.19 of the Revised Code, which are prerequisite for becoming registered in Ohio by all applicants.

(F) In order to enable the board to ascertain if a person requesting temporary registration is qualified, it shall be necessary to file with the board an application for a temporary permit along with an affidavit showing the state or states or U.S. territory in which the applicant is registered and the qualifications by which the applicant obtained such registration.

(G) If the request for a temporary registration is made under the provisions of section 4733.18 of the Revised Code, an application for permanent Ohio registration shall accompany such request.

(H) If, after examination of said request for a temporary permit and verification of the pertinent information, it is found that the applicant meets the requirements as set forth above, the executive director of the board is authorized to issue and sign the requested permit. The applicant may then legally practice in this state under the terms and conditions set forth in said permit.

## **4733-19 Application, Examination, Registration, and Annual Renewal Fees**

### ***4733-19-01 Application, examination, registration and renewal fees.***

(A) The board shall establish and publish a fee schedule which will be available for all applicants and registrants.

(B) The appropriate nonrefundable application fee must accompany each examination or reexamination request.

(C) Make all checks payable to: "Treasurer, State of Ohio" and submit to the board office.

(D) If an applicant is not eligible or does not schedule for the applied examination, the application fee will be retained to cover the cost of processing the application.

(E) Unless otherwise stipulated by the board the payment of the registration fee will constitute payment of the license fee for the remainder of the licensing period in which the certificate of registration was issued. Upon successfully passing both examinations a certificate of registration will be issued by the board authorizing applicant to practice as a professional engineer or professional surveyor.

(F) A nonrefundable renewal fee for all certificates of registration is due and payable on or before December thirty-first of each licensing period for the ensuing licensing period (See section 4733.15 of the Revised Code).

(G) Use of the "UserID" and password issued for electronic renewals is solely the responsibility of the licensee to whom it is issued and may not be transferred, distributed, or shared with any other person. The licensee assumes responsibility for all entries and user of the "UserID" and password. The "UserID" and password shall constitute the legally recognized signature for the purpose of this rule.

(H) Completion of the paper application for renewal shall be signed by the licensee.

(I) Any person who knowingly makes a false statement on the renewal application form is guilty of falsification under section 4733.20 of the Revised Code.

(J) The renewal applicant shall demonstrate in a manner prescribed by the board that the applicant has met the continuing professional development requirements for the license that the applicant holds.

(K) A licensee is exempt from the continuing professional development requirement during the first calendar year of registration. Each licensee thereafter must earn fifteen hours of continuing professional development.

(L) If a registrant fails to renew a certificate of registration by December thirty-first of the licensing period, the fee to be paid for renewal after December thirty first, but within the following twelve months, shall be increased by fifty percent. A registrant who fails to renew a certificate of registration for a period greater than twelve months shall be assessed a reinstatement fee which shall equal the number of renewal fees that have not been paid multiplied by three times the current renewal fee. The registrant shall submit proof of completion of fifteen hours of continuing professional development for each lapsed year.

(M) As permitted by the provisions of section 4733.15 and section 4733.151 of the Revised Code, the board may upon request waive the payment of the renewal fees and/or the continuing professional development requirement of a registrant during the time the registrant is on active duty in connection with any branch of the armed forces of the United States.

## 4733-23 Registrant's Seal

### ***4733-23-01 Registrant's seal.***

(A) Each registrant may upon registration obtain a seal of the design authorized by the board, bearing the registrant's name and the legend, "Registered Professional Engineer," or "Registered Professional Surveyor." Plans, specifications, plats, reports and all other engineering or surveying work product issued by a registrant shall be stamped with the said seal and be signed and dated by the registrant, or bear a computer generated seal and electronic signature and date. No person shall stamp or seal any document with said seal after the certificate of the registrant named thereon has expired, or suspended, or has been revoked, unless said certificate of registration shall have been renewed or reissued.

(B) Each registrant is charged with the safeguarding of their personal seal.

(C) By affixing their seal to any document, the registrant certifies to the accuracy and completeness of the information contained in the sealed document, and by such action, assumes full responsibility thereof.

(D) Plans, specifications, plats, reports and all other engineering or surveying work product bearing a computer generated seal and electronic signature and date shall have an electronic authentication process attached to or logically associated with the electronic document. The electronic signature must be unique to the person using it; capable of verification; under the sole control of the person using it; linked to a document in such a manner that the electronic signature is invalidated if any data in the document is changed.

## 4733-25 Reinstatement of Lapsed Certificate

### ***4733-25-01 Reinstatement of an expired certificate of registration.***

Any registrant whose certificate of registration has expired for non-payment of renewal fees pursuant to division (A) of section 4733.15 of the Revised Code may apply in writing for reinstatement. The application so filed must be supported with a detailed notarized experience statement covering all experience subsequent to the date of expiration. This statement shall describe the nature of work performed, degree of responsibility, and dates of each engagement. This statement must also show how the applicant maintained competency in his field during the period since expiration. The application so filed must also include proof of completion of fifteen hours of continuing professional development for each lapsed year. Upon receipt of the application the board will review it and determine the steps required for reinstatement. If more than four consecutive years have elapsed since the date of expiration, the applicant shall be required to take and pass the "Principles and Practice of Engineering examination" and/or "Principles and Practice of Surveying examination" as a condition of reinstatement unless the applicant has maintained continuous, uninterrupted registration in any other state or United States territory. The amount of the reinstatement fee shall be as prescribed in paragraph (L) of rule 4733-19-01 of the Administrative Code. Payment of reinstatement fees does not validate any illegal practice performed during the period between expiration and reinstatement. Reinstatement shall require a majority affirmative vote of the board at a board meeting where the reinstatement application is considered.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

## 4733-29 Second Stage Examinations

### ***4733-29-01 Principles and practice examinations.***

(A) When an applicant has completed a record showing the required number of calendar years of education and experience, the applicant is eligible to request admission to the principles and practice examination for completion of registration as a professional. The board must be sent a completed application. This statement application shall describe the nature of work performed, degree of responsibility, and dates of each engagement. Each segment of experience must be verified by including the supervisor's signature and contact information. If an applicant claims credit for experience in the armed forces of the United States or civilian war services, the applicant must outline the nature and extent of the assignments. Experience may be acquired in Ohio or elsewhere. Credit for experience is not limited to the branch specified in the original application.

(B) If the experience is approved by the board, it will be necessary for the applicant to demonstrate his or her practical knowledge by passing the principles and practice examination as

outlined in section 4733.13 of the Revised Code. Applicants are not eligible for this examination until their practical experience has been completed and approved by the board one hundred twenty days prior to the examination date.

## **4733-35 Code of Ethics for Engineers and Surveyors**

### ***4733-35-01 Preamble.***

In order to safeguard the life, health, property and welfare of the public and the state of Ohio, to maintain integrity and high standards of skills and practice in the professions of engineering and surveying, the following rules of professional conduct, promulgated in accordance with Chapter 4733. of the Revised Code, shall be binding upon every person holding a certificate of registration as a professional engineer or as a professional surveyor.

The engineer or surveyor, who holds a certificate of registration from the Ohio state board of registration for professional engineers and surveyors, is charged with having knowledge of the existence of the reasonable rules and regulations hereinafter provided for his or her professional conduct as an engineer or surveyor, and also shall be deemed to be familiar with their several provisions and to understand them. Such knowledge shall encompass the understanding that the practice of engineering, or of surveying, is a privilege, as opposed to a right, and the registrant shall be forthright and candid in statements or written responses to the board or its representatives on matters pertaining to professional conduct.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 10/01/1970; 11/01/2003; 11/24/2008

### ***4733-35-02 Integrity.***

The engineer or surveyor is obligated to act with complete integrity in professional matters for each client or employer as a faithful agent; shall be honest and impartial, and shall serve the public, client and employer with devotion.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 10/01/1970; 11/01/2003

---

**4733-35-03 Responsibility to the public.**

The engineer or surveyor shall:

(A) Protect the safety, health and welfare of the public in the performance of professional duties. Should the case arise where the engineer or surveyor faces a situation where the safety, health and welfare of the public is not protected, the engineer or surveyor shall:

- (1) Sever the relationship with the employer or client;
- (2) Refuse to accept responsibility for the design, report or statement involved;
- (3) Notify the proper authority if, in his or her opinion, the situation is sufficiently important.

(B) Undertake to perform assignments only when the registrant's consulting support are qualified by training and experience in the specific technical fields involved. In the event a question arises as to the competence of an engineer or surveyor to perform an engineering or surveying assignment in a specific technical field of engineering or surveying which cannot be otherwise resolved to the board's satisfaction, the board, either upon request of the engineer or surveyor or by its own volition, may require the engineer or surveyor to submit to an appropriate inquiry by or on behalf of the board;

(C) Be completely objective in any professional report, statement or testimony and shall include all relevant and pertinent information in the report, statement or testimony when the result of omission would, or reasonably could, lead to a fallacious conclusion;

(D) Express an opinion as a technical or expert witness before any court, commission or other tribunal, only when it is founded upon adequate knowledge of the facts in issue, upon a background of technical competence in the subject matter, and upon honest conviction of the accuracy and propriety of his or her testimony.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Prior Effective Dates: 10/15/1970; 11/01/2003

---

**4733-35-04 Public statements and certifications.**

(A) The engineer or surveyor will issue no statements, criticisms or arguments on engineering or surveying matters connected with public policy which are inspired or paid for by an interested party, or parties, unless the engineer or surveyor has prefaced his or her remarks by explicitly identifying himself or herself, by disclosing the identities of the party, or parties, on whose behalf the engineer or surveyor is speaking, and by revealing the existence of any pecuniary interest he or she may have in the instant matters.

(B) The engineer or surveyor will publicly express no opinion on an engineering or surveying subject unless it is founded upon adequate knowledge of the facts in issue, upon a background of technical competence in the subject matter, and upon honest conviction of the accuracy and propriety of his or her testimony.

(C) The engineer or surveyor shall decline to sign and/or seal any form of certification, warranty, or guaranty that (1) relates to matters beyond his or her technical competence, (2) involves matters which are beyond the scope of services for which he or she was retained, or (3) relates to engineering or surveying work for which he or she does not have personal professional knowledge and direct supervisory control and responsibility. "Certification" shall mean a statement signed and/or sealed by an engineer or surveyor representing that the engineering or surveying services addressed therein have been performed, according to the engineer or surveyor's knowledge, information and belief, in accordance with commonly accepted procedures consistent with applicable standards of practice, and is not a guaranty or warranty, either expressed or implied.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 10/15/1970; 05/01/1995; 11/01/2003; 11/24/2008

### ***4733-35-05 Conflict of interest.***

(A) The engineer or surveyor shall conscientiously avoid conflict of interest with the employer or client, but, when unavoidable, the engineer or surveyor shall forthwith disclose the circumstances to the employer or client.

(B) The engineer or surveyor shall promptly inform the client or employer of any business association, interests, or circumstances which could influence his or her judgment or the quality of services to the client or employer.

(C) The engineer or surveyor shall not accept compensation, financial or otherwise, from more than one party for services on the same project, or for services pertaining to the same project, unless the circumstances are fully disclosed to, and agreed to, by all interested parties or their duly authorized agents.

(D) The engineer or surveyor shall not solicit or accept financial or other valuable considerations from material or equipment suppliers for specifying their products.

(E) The engineer or surveyor shall not solicit or accept gratuities, directly or indirectly, from contractors, their agents or other parties dealing with his client or employer in connection with work for which he or she is responsible.

(F) As an elected, retained or employed public official, an engineer or a surveyor (in the capacity as a public official) shall not review or approve work that was performed by himself, or under his direction, on behalf of another employer or client.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 10/15/1970; 11/01/2003

**4733-35-06 Solicitation of employment.**

(A) The engineer or surveyor shall not pay, solicit nor offer, directly or indirectly, any bribe or commission for professional employment with the exception of payment of the usual commission for securing salaried positions through licensed employment agencies.

(B) The engineer or surveyor shall seek professional employment on the basis of qualifications and competence for proper accomplishment of the work.

(C) The engineer or surveyor shall not falsify or permit misrepresentation of academic or professional qualifications and shall not misrepresent or exaggerate the degree of responsibility in or for the subject matter of prior assignments.

(D) Brochures or other presentations incident to the solicitation of employment shall not misrepresent pertinent facts concerning employers, employees, associates, joint-ventures, or past accomplishments with the intent and purpose of enhancing qualifications and work.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 10/15/1970; 11/01/1978; 11/01/2003; 11/24/2008

**4733-35-07 Improper conduct.**

(A) The engineer or surveyor shall not sign and/or seal professional work for which he or she does not have personal professional knowledge and direct supervisory control and responsibility. This is interpreted by the board to mean that an engineer or surveyor shall not sign and/or seal professional work unless that work was prepared under his/her supervision and direction. The engineer or surveyor shall be involved in the project and must be closely involved in the preparation of the work product.

(B) The engineer or surveyor shall not knowingly associate with, or permit the use of his or her name or firm name in, a business venture by any person or firm which he or she knows, or has reason to believe, is engaging in business or professional practices of a fraudulent or dishonest nature.

(C) If the engineer or surveyor has knowledge or reason to believe that another person or firm is guilty of violating any of the provisions of Chapter 4733. of the Revised Code, or any of these rules of professional conduct, he or she shall present this information to the board in writing.

(D) If a professional engineer or professional surveyor is found guilty of a felony or had his or her registration revoked or suspended by another jurisdiction, the professional engineer or professional surveyor shall notify the board in writing within sixty days.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 10/15/1970; 11/01/2003

### **4733-35-09 Records.**

Each registrant or certificate of authorization holder shall keep a true and correct record in the English language of all of the business transactions in the registrant's or holder's office relevant to enforcement of Chapter 4733. of the Revised Code. Such records shall be available at all reasonable hours for inspection and copying by the Ohio state board of registration for professional engineers and surveyors.

Each registrant or licensee shall cooperate with the board in its investigation of complaints or possible violations of Chapter 4733. of the Revised Code. This cooperation shall include responding timely to written communications from the board, providing information or documents requested within thirty days of the date on which the communication was mailed, and appearing before the board or its designee upon request.

## 4733-38 Standards For Mortgage Location Surveys

### **4733-38-01 Preamble.**

These standards are intended to be the minimum requirements for mortgage location surveys in the state of Ohio.

A “mortgage location survey” shall be defined as an instrumentality, common to the mortgage lending industry, whereby substantial proof is submitted to the mortgage lender and/or title insurer that the building(s) and/or other improvements are actually located on the land covered by the legal description in the mortgage and that said mortgage location survey is a professional service provided by professional surveyors solely for the intent of and use by the mortgagee and/or title insurer. The mortgage location survey does not constitute an improvement to the property, and is only a professional opinion which these parties may use as a guide to arrive at any decisions they may wish to make concerning said real property.

**Effective date: 02/15/1990**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Date: 02/15/1990

### **4733-38-02 Research and investigation.**

(A) The professional surveyor shall use the description furnished by the client to perform the mortgage location survey. If the professional surveyor determines the description to contain apparent incompleteness or insufficiencies, the professional surveyor shall so advise the client.

(B) After all necessary written documents, as furnished by the client, have been analyzed, the survey shall be based on a field investigation of the property. The professional surveyor shall make a thorough search for physical monuments and analyze evidence of occupation.

**Effective date: 02/15/1990**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Date: 02/15/1990

### **4733-38-03 Monumentation.**

The professional surveyor need not set boundary monumentation under the provision herein unless the client requests boundary monumentation be set. If requested to set boundary monumentation, the professional surveyor shall conform to all provisions of rule 4733-37-03 of the Administrative Code.

**Effective date: 05/15/1990**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: [R.C. 4733.07](#)  
Rule Amplifies: [R.C. 4733.20](#)  
Prior Effective Date: 05/15/1990

### ***4733-38-04 Measurement specifications.***

All measurements shall be made in accordance with the following specifications:

(A) The professional surveyor shall keep his equipment in such repair and adjustment as to conform to the provisions of paragraph (A) of rule 4733-37-04 of the Administrative Code.

(B) Every measurement of distance shall be made either directly or indirectly in such a manner that the linear error in the reported distance shall not exceed:

(1) Two-tenths of a foot for major improvements [see paragraph (G) of rule 4733-38-05 of the Administrative Code].

(2) One-half of a foot for major improvement location [see paragraph (J) of rule 4733-38-05 of the Administrative Code].

When a case arises wherein a greater linear error will not create ambiguity of locations (i.e., tracts where the improvements are located substantial distances from boundaries), then the professional surveyor may use a greater linear error, provided the tolerance is clearly indicated on the survey plat (e.g., 500 feet +/- 5 feet).

**Effective date: 05/15/1990**

### ***4733-38-05 Mortgage location survey plat.***

The professional surveyor shall include the following information on the mortgage location survey plat.

(A) A title such that the general location of the survey can be identified.

(B) A north arrow.

(C) The boundary lines as cited in the legal description, including pertinent references therein.

(D) The written and graphical scale of the drawing.

(E) The date of survey.

- (F) The professional surveyor's name, registration number, signature, and seal in accordance with paragraph (C)(10) of rule 4733-37-05 of the Administrative Code.
- (G) Major improvements (permanent structures) shall be shown with dimensions and description (e.g., residence, garages, outbuildings with foundation, in-ground pools, and the like).
- (H) Easement limits and building set-back lines as indicated on the recorded plat or as supplied by the client.
- (I) Visible utility facilities requiring an easement and located outside known easements, crossing the subject property and serving others, such as, though not limited to: pole lines, manholes, inlets and pedestals and the like.
- (J) Major improvement locations shall be shown with dimensions to the nearest property lines, with a minimum of two dimensions shown, and shall be sufficient to locate the structure (offsets shall be shown perpendicular to straight property lines and radially to curved property lines).
- (K) Apparent encroachments shall be noted and shown in an obvious manner.
- (L) The address posted on the building(s), if available.
- (M) Observed problems of ingress and egress and joint drive.
- (N) Fences or other evidence of possession when not in substantial conformance with the legal description.
- (O) A statement shall appear on the plat indicating that the survey is a mortgage location survey prepared in accordance with Chapter 4733-38 of the Administrative Code, and is not a boundary survey pursuant to Chapter 4733-37 of the Administrative Code.
- (P) Number each page showing individual page numbers along with number of pages.

**Effective date 05/15/1990**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Date: 05/15/1990

## **4733-39 Certificate of Authorization**

### ***4733-39-01 Preamble.***

Pursuant to section 4733.16 of the Revised Code, these rules shall be implemented to define the filing requirements for a firm, partnership, association, limited liability company or corporation to obtain a "Certificate of Authorization" to practice professional engineering and/or professional surveying in the state of Ohio.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.16

Prior Effective Dates: 03/03/1983; 04/15/1983; 04/15/1985; 05/01/1995; 11/01/2003

### **4733-39-02 Definitions.**

As used in this rule:

(A) "Responsible charge" means being in control of, accountable for and in either direct or indirect supervision of the engineering and/or surveying activities of the business enterprise.

(B) "Fulltime" as stated in division (D) of section 4733.16 of the Revised Code means working more than thirty hours per week or working substantially all the engineering or surveying hours for a firm, partnership, association, limited liability company or corporation that holds a certificate of authorization.

(C) "Corporation" or "domestic corporation" means a corporation for profit formed under the laws of this state as defined in section 1701.01 of the Revised Code or "foreign corporation" as defined by division (B) of section 1703.01 of the Revised Code which has obtained a license from the secretary of state of Ohio and has complied with all the provisions of Chapter 1703. of the Revised Code.

(D) "Partnership" means an association of two or more persons to carry on as co-owners of a business for profit as defined in section 1775.05 of the Revised Code.

(E) "Limited partnership" is a partnership formed by two or more persons under the provisions of section 1781.02 of the Revised Code, having as members one or more general partners and one or more limited partners. The limited partners as such shall not be bound by obligation of the partnership as defined in section 1781.01 of the Revised Code.

(F) "Limited partnership association" means when any number of persons, not less than three nor more than twenty-five form a limited partnership association as defined by Chapter 1783. of the Revised Code.

(G) "Professional association" means any association organized under sections 1785.01 to 1785.08 of the Revised Code, for the sole purpose of rendering one of the professional services authorized under Chapters 4703. and 4733. of the Revised Code.

(H) "Limited liability company" means any company organized under Chapter 1705. of the Revised Code.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.16

Prior Effective Dates: 04/15/1983; 05/01/1995; 11/24/2008

---

**4733-39-03 Applications and filing requirements.**

(A) Under provisions of section 1701.03 of the Revised Code, a corporation formed under Chapter 1701. of the Revised Code after November 14, 1982 may offer architectural, landscape architectural, professional engineering or professional surveying services or any combination thereof provided these corporations file with the appropriate board and meet the requirements of each board or filing and procuring a "Certificate of Authorization" in accordance with Chapters 4703. and 4733. of the Revised Code.

(B) Any firm, partnership, association, limited liability company or corporation which holds a "Certificate of Authorization" under these rules and which otherwise meets the requirements of Chapter 4733. of the Revised Code may be organized for any purposes for which business enterprises may be organized under Chapters 1701., 1705., 1775., 1781., 1783. and 1785. of the Revised Code and shall not be limited to the purposes of providing professional engineering, surveying, architectural, or landscape architectural services or any combination thereof.

(C) If all requirements of this rule are met, the board may issue a "Certificate of Authorization" to the firm, partnership, association, limited liability company or corporation. Forms for initial application will be provided by the board. This "Certificate of Authorization" must be renewed annually.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.16

Prior Effective Dates: 04/15/1983; 04/15/1985; 05/01/1995; 11/01/2003; 11/24/2008

**4733-39-04 Annual renewal filing.**

(A) Under provisions of section 4733.16 of the Revised Code, each firm, partnership, association, limited liability company or corporation holding a "Certificate of Authorization" shall annually file no later than June thirtieth with the board on forms provided by this board, the name and address of each owner and the name and address of all persons designated as being in responsible charge of the professional engineering and/or professional surveying activities and decisions, who must be registered in Ohio as appropriate.

(B) If there is any change in any of the above between intervals of filing, the change will be filed with the board by notarized letter within ninety days of the change.

(C) If all the requirements of this rule are met, this board shall issue a renewal "Certificate of Authorization" to the firm, partnership association or corporation for the ensuing state fiscal year upon application and payment of the appropriate fee.

(D) Annual renewal "Certificate of Authorization" will be issued by the board within thirty days after the approval of the renewal application.

(E) The "Certificate of Authorization" for all firms, partnerships, associations, limited liability companies or corporations whose annual renewal filing is not received by the close of business

on June thirtieth will expire and be invalid. The "Certificate of Authorization" for all firms, partnerships, associations, limited liability companies or corporations which have expired may be renewed within twelve months of the expiration date. The delinquent fee established by rule 4733-39-06 of the Administrative Code, which shall be fifty per cent greater than the annual renewal fee, must be paid to the board. The requirements of paragraph (A) of this rule must also be met. If a "Certificate of Authorization" is not renewed within twelve months from the expiration date, the said firm, partnership, association, limited liability company or corporation must make application for a new "Certificate of Authorization" in accordance with the requirements of rule 4733-39-03 of the Administrative Code and pay the appropriate fee.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.16

Prior Effective Dates: 04/15/1983; 04/15/1985; 05/01/1995; 11/01/2003

**4733-39-05 Certificate of authorization.**

(A) A "Certificate of Authorization" shall be issued by this board to all firms, partnerships, associations, limited liability companies or corporations which meet the requirements of Chapter 4733. of the Revised Code and pay the appropriate fee.

(B) If there is any change in the identity of any of the persons designated as being in responsible charge of the professional engineering or professional surveying activities and decisions of an entity holding a "Certificate of Authorization" under Chapter 4733. of the Revised Code, the board shall be notified per rule 4733-39-04 of the Administrative Code.

(C) A new "Certificate of Authorization" shall be required in the following situations:

(1) Upon the change of the name of any corporation, partnership, limited liability company or professional association holding a "Certificate of Authorization" performing engineering or surveying services in this state.

(2) Upon the failure of any holders of a "Certificate of Authorization" to renew the "Certificate of Authorization" within twelve months of the expiration date.

(D) A "Certificate of Authorization" shall authorize the firm, partnership, association, limited liability company or corporation to provide the professional service for which they qualified for that state fiscal year. A renewal will be required at the end of each fiscal year. The "Certificate of Authorization" renewal letter shall indicate the professional service or services the business enterprise is authorized to provide.

(E) Any firm, partnership, association, limited liability company or corporation offering the services of professional engineering and/or professional surveying shall post the current "Certificate of Authorization" issued by this board conspicuously in its place of business where the public can readily examine said certificate.

**Effective date: 11/01/2003**R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

---

Promulgated Under: R.C. 119.03  
Statutory Authority: R.C. 4733.07  
Rule Amplifies: R.C. 4733.16  
Prior Effective Dates: 04/15/1983; 04/15/1985; 05/01/1995; 11/01/2003

### **4733-39-06 Fees.**

(A) The application, annual renewal, reapplication, delinquent, or duplicate certificate fee must accompany the "Certificate of Authorization" request in the amount shown below:

- Application fee **\$50.00**
- Annual renewal fee **\$25.00**
- Delinquent fee (within twelve months of expiration) **\$37.50**
- Reapplication fee (beyond twelve months of expiration) **\$50.00**
- Duplicate certificate fee **\$5.00**

(B) All checks shall be made payable to "Treasurer, State of Ohio" and submitted to the board office.

(C) If a business enterprise is not eligible to receive a "Certificate of Authorization" the fee will be retained to cover the cost of processing.

(D) Annual renewal fees for all "Certificates of Authorization" are due and payable on or before the filing date of each year for the ensuing state fiscal year.

**Effective date: 04/15/1985**

Rule Amplifies: R.C. 4733.15  
Prior Effective Dates: 04/15/1983; 04/15/1985

---

## 4733-37 Standards for Boundary Surveys

### **4733-37-01 Preamble.**

These rules are intended to be the basis for all surveys relating to the establishment or retracement of property boundaries in the state of Ohio. When the case arises where one or more provisions herein must be abridged due to local condition, the abridgement shall be clearly indicated on plats and/or legal descriptions and reports. Where local or other prescribed regulations exist which are more restrictive than these rules, the survey shall conform to all local and state regulatory standards. When a client desires only a portion of his property surveyed, and this portion can be clearly isolated from the remainder of the property without affecting the interests of adjoining owners, these rules shall apply to the survey of only the desired portion.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 05/01/1980; 11/01/2003

### **4733-37-02 Research and investigation.**

(A) The surveyor shall consult deeds and other documents, including those for adjacent parcels, in order to assemble the best possible set of written evidence of every corner and line of the property being surveyed.

(B) After all necessary written documents have been analyzed, the survey shall be based on a field investigation of the property. The surveyor shall make a thorough search for physical monuments, and analyze evidence of monumentation and occupation. In addition, the surveyor shall, when necessary, confer with the owner(s) of the adjoining property and the owner(s) of the property being surveyed.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Date: 11/01/2003

### **4733-37-03 Monumentation.**

(A) The surveyor shall set boundary monuments so that, upon completion of the survey, each corner of the property and each referenced control station will be physically monumented.

(B) When it is impossible or impracticable to set a boundary monument on a corner, the surveyor shall set a reference monument, similar in character to the boundary monument and preferably along one of the property lines which intersect at that corner. When such a reference monument is used, it shall be clearly identified as a reference monument on the plat of the property and in any new deed description which may be written for the property.

---

(C) Every boundary monument and/or reference monument set by the surveyor shall, when practicable:

- (1) Be composed of a durable material.
- (2) Have a minimum length of thirty inches.
- (3) Have a minimum cross-section area of material of 0.21 square inches.
- (4) Be identified with a durable marker bearing the surveyor's Ohio registration number and/or name or company name.
- (5) Be detectable with conventional instruments for finding ferrous or magnetic objects.

(D) When a case arises, due to physical obstructions such as pavements, large rocks, large roots, utility cables, etc., so that neither a boundary monument nor a reference monument can be conveniently or practicably set in accordance with paragraph (C) of this rule, then alternative monumentation, which is essentially as durable and identifiable (e.g., chiselled "X" in concrete, drill hole, etc.) shall be established for the particular situation.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 05/01/1980; 11/01/2003

### ***4733-37-04 Measurement specifications.***

All measurements shall be made in accord with the following specifications:

- (A) The surveyor shall keep all equipment used in the performance of surveying in proper repair and adjustment.
- (B) Every determination of distance shall be made either directly or indirectly in such a manner that the linear error in the distance between any two points (not necessarily adjacent points) shall not exceed the reported distance divided by ten thousand (allowable linear error = reported distance divided by ten thousand) and every angular measurement shall be made in such a manner that the allowable (directional) error, in radians, shall not exceed the allowable linear error divided by the reported distance (allowable (directional) error = allowable linear error divided by reported distance). When the reported distance is less than two hundred feet, the linear error shall not exceed 0.02 feet. The reported distance is the distance established by the survey.
- (C) In all new descriptions and plats of survey, the lengths and directions of the lines shall be specified so that the mathematical error in closure of the property boundary does not exceed 0.02 feet in latitudes and 0.02 feet in departure.

(D) Surveys performed using metric measurements shall utilize the metric equivalents based upon the U.S. survey foot conversion factor.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20 Prior Effective Dates: 05/01/1980; 11/01/2003

### **4733-37-05 Plat of survey.**

(A) The surveyor shall prepare a scale drawing of every individual survey, or drawings comprising all of the surveys when they are contiguous, in which the surveyor retraces previously established property lines or establishes new boundaries.

(B) A copy of this drawing shall be given to the client. When required, another copy shall be filed with the appropriate public agencies.

(C) The surveyor shall include the following details:

(1) A title such that the general location of the survey can be identified. The title shall include, but not be limited to: state, county, civil township or municipality, and original land subdivision description.

(2) A north arrow with a clear statement as to the basis of the reference direction used.

(3) The control station(s) or line cited in the description and the relationship of the property to this control must be referenced to an established monumented point of beginning such as, but not limited to: centerline intersection of streets or highways record, section or quarter section corners, Virginia military survey corners or lines, or platted lot corners. The type of monuments set or found at the control stations shall be noted.

(4) A notation at each corner of the property stating that the boundary monument specified in the deed description was found, or that a boundary monument was set, or a legend of the symbols used to identify monumentation. In addition, there shall be a statement describing the material and size of every monument found or set.

(5) A general notation describing the evidence of occupation that may be found along every boundary line or occupation line.

(6) The length and direction of each line as specified in the description of the property or as determined in the actual survey if this differs from what is stated in the deed description by more than the tolerance specified in paragraph (B) of rule 4733-37-04 of the Administrative Code. The length and direction shall be stated as follows:-.

(a) Bearings expressed in degrees, minutes and seconds and distances expressed in feet and decimal parts thereof on each course. If a metric equivalent distance is stated, it shall be stated to the third decimal place.

(b) All curved lines shall indicate the radius, central angle, curve length, chord bearing and chord distance.

(c) Each course shall show other common lines such as centerline of roads, rivers, streams, section lines, quarter section lines, half section lines or other pertinent common lines of record.

(7) A citation of pertinent documents and sources of data used as a basis for carrying out the work. The citation shall include, but not be limited to: current deeds as of the date of the survey, prior deeds or other documents of record, and available deeds of record for adjoining parcels along each boundary line of the survey. If the adjoining parcel is a recorded subdivision, only the subdivision name, recording information and lot numbers need to be shown.

(8) The written and graphical scale of the drawing.

(9) The date of the survey.

(10) The surveyor's printed name and Ohio registration number, signature and seal (in a form which may clearly reproduce on any copies which may be made of the original drawing).

(11) The area contained within the perimeter of the surveyed parcel.

(12) All references to roads or railroads contiguous to the surveyed parcel shall use current names or names of record and applicable right of way widths, if available.

(13) All references to rivers or streams shall use current names of record, if available.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 05/01/1980; 11/01/2003

### ***4733-37-06 Descriptions.***

(A) When a surveyor is called upon to prepare a new description, either to replace an existing description which is inadequate or to create a new piece of property, said description shall include the following items:

(1) Sufficient caption so that the property can be adequately identified.

(2) A relationship between the property in question and clearly defined control station(s).

(3) The basis of the bearings.

(4) A citation to the public record of the appropriate prior deed(s).

(5) The surveyor's name, Ohio registration number and date of writing and/or survey.

(B) A metes and bounds description shall include, in addition to paragraph (A) of this rule:

- (1) A description of the boundary monument used as the initial point of the description.
- (2) A series of calls for successive lines bounding the parcel, each of which specifies:
  - (a) The intent in regards to adjoiners or other existing features.
  - (b) The direction of the line relative to the direction of the basis of bearing.
  - (c) The length of the line.
  - (d) A description of the boundary monument (or reference monument) and whether found or set to identify the end of the particular line.
  - (e) All curved lines shall indicate the radius, central angle, curve length, chord bearing, chord length and direction of the curve.
  - (f) The reported boundary data shall meet the closure requirements of paragraph (C) of rule 4733-37-04 of the Administrative Code.

(3) The area of the parcel.

(C) Descriptions other than metes and bounds descriptions may be a reference to a recorded survey plat or a parcel on a recorded survey plat and shall include sufficient and adequate legal and technical wording so that the property can be definitely located and defined.

(D) A statement shall appear indicating that either: the description was made in accordance with a recent survey and the date thereof, or the description was made based on a previous survey, of a certain date, and date of description, or the description was not based on a survey.

(E) When the surveyor knows a new description is to be used for a fee transfer, the surveyor shall base the description on a current or updated survey of the property.

**Effective date: 11/01/2003**

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Dates: 05/01/1980; 11/01/2003

### **4733-37-07 Subdivisions.**

When a subdivision is created from a piece of property, or several adjoining pieces, the following rules shall apply:

(A) Rule 4733-37-02 of the Administrative Code shall apply to the original tract(s) of land prior to being subdivided.

(B) Rule 4733-37-03 of the Administrative Code shall apply to the outside perimeter of the original tract(s) of land and to the outside perimeter of the newly created subdivisions. All newly created lots, blocks, rights of way, angle points, points of curvature and points of tangency shall be monumented according to local regulations. Street rights of way may be monumented with monuments on the centerline instead of right of way monuments. Centerline or right of way monuments shall be set at all intersections, angle points, points of curvature and points of tangency.

(C) All newly created subdivisions shall comply with rules 4733-37-04 and 4733-37-05 of the Administrative Code.

(D) All easements within a newly created subdivision shall be accurately dimensioned so that each easement line can be reproduced without ambiguity.

**Effective date:** 11/01/2003

R.C. 119.032 review dates: 08/18/2008 and 08/18/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.20

Prior Effective Date: 11/01/2003

## **4733-17 Form of Application**

### ***4733-17-01 Form of application.***

Applications for registration shall be made only on forms issued by the board. No applications made otherwise than on such form will be accepted by the board. In the event that forms issued by the board do not contain sufficient space for evidence to be submitted, the applicant may attach additional sheets to said form to any extent desired by applicant, but such attached sheets shall for convenience of filing be of the same size as the forms and shall be securely attached thereto.

The board requires an official transcript of degrees subsequent to high school. It is the duty of the applicant to see that such a record is enclosed with application when submitted, since no action will be taken by the board until such information is received. All foreign language documentation submitted with the completed application must be accompanied by certified English translations. The translation report shall be sent directly from the translator to the board for review.

Those applicants who, for political or other valid reasons, are unable to obtain their college transcripts shall be processed on a case-by-case basis by the board.

The board may require an independent evaluation of the engineering education of an applicant who was educated outside the United States or has graduated from an unaccredited engineering program. Such evaluation shall be done through an organization approved by the board and shall

be done at the expense of the applicant. Such evaluation may be waived if the applicant has received a graduate degree from a United States institution which has a bachelor's degree program accredited by EAC/ABET in the discipline of the applicant's graduate degree and, in the judgment of the board, has completed the equivalent of an EAC/ABET undergraduate program.

A photograph of the applicant shall appear in the space provided upon the application form. It shall be an unretouched photograph taken within six months of the date of application, and the face shall be portrayed not less than three-fourths inch in width.

**Effective date: 11/24/2008**

R.C. 119.032 review dates: 08/18/2008 and 11/24/2013

Promulgated Under: R.C. 119.03

Statutory Authority: R.C. 4733.07

Rule Amplifies: R.C. 4733.12

Prior Effective Dates: 12/01/1968; 11/01/2003; 11/24/2008

## Ohio P.E., P.S. Seals

After obtaining professional registration in Ohio, you are authorized to obtain a seal for use as, required by law on your engineering plans, specifications, designs, documents surveying plans, plats, property descriptions and reports.

The seal must bear the words "State of Ohio," your name, your serial number, and the legend "Registered Professional Engineer" or "Registered Professional Surveyor."

The seal is to be the one known as size #1: 1-3/4" diameter for a rubber stamp seal or 1-5/8" diameter for an embossing seal.

Seal images shown are not actual size.

## Purchasing Your Seal

The Board does not provide seals. The choice of a rubber stamp seal or an embossing seal — or both — is yours. We suggest you first try your local office supplier. Browse the web for a provider. Additionally, the OSPE can provide seals.

## What Is Plan Stamping?

### **From Ohio R.C. section 4733.22...**

"No person shall practice, or offer to practice, the profession of engineering or the profession of surveying without being registered or exempted in accordance with this chapter, or present or attempt to use as the person's own the registration, the certificate of authorization, or the seal of another, or give any false or forged evidence of any kind to the state board of registration for professional engineers and surveyors or to any member thereof in obtaining registration or a certificate of authorization, or falsely impersonate any other registrant or holder of a certificate of authorization of like or different name, or attempt to use an expired, suspended, or revoked registration or certificate of authorization, or otherwise violate this chapter."

### **From Ohio A.C. section 4733-35-07 (A)...**

"The engineer or surveyor shall not sign and/or seal professional work for which he or she does not have personal professional knowledge and direct supervisory control and responsibility."

**Plan stamping** is demonstrated when a Professional Engineer or Professional Surveyor places his or her registration seal on any drawings, designs, plats, descriptions and/or specifications that he or she did not author or for which he or she did not have **personal professional knowledge** and **direct supervisory control and responsibility**.

**Personal professional knowledge** is best demonstrated when a Professional Engineer or Professional Surveyor has been personally retained by an owner, registered design professional or a design/build contractor and is personally aware of a project's scope, needs, parameters, limitations and special requirements. It is preferred that the professional engineer or professional surveyor contract directly with the owner for all professional services to be rendered and then subcontract services such as drafting as needed.

**Direct supervisory control and responsibility** is best demonstrated when a Professional Engineer or Professional Surveyor has direct professional knowledge and is the actual author or has been in responsible charge of a design or project from its very inception to its completion.

In some cases it may be necessary for unregistered individuals, such as technicians or drafters, to assist the Professional Engineer or Professional Surveyor; however, the Professional Engineer or Professional Surveyor must maintain responsible charge of the project and total control of all design decisions in order to be in compliance with the Board's laws and rules.

## Enforcement Overview

Ohio's State Board of Registration for Professional Engineers and Surveyors is charged with administering Ohio Revised Code Chapter 4733 and Ohio Administrative Code Chapter 4733. In addition to evaluating candidates for registration and examinations, the Board investigates alleged violations of the registration law.

Although the Board cannot represent individuals who file complaints, we review all complaints in a timely manner in order to make sure that your complaint is processed and appropriate action taken. Violations of the registration law may include:

- Illegal practice of engineering or surveying,
- Aiding and abetting the illegal practice of engineering or surveying,
- Offering engineering or surveying services without a certificate of authorization,
- Plan stamping,
- Code of ethics violations,
- Violations of the minimum standards for boundary surveys or mortgage surveys, and
- Other violations of the Board's registration laws or rules.

Matters such as boundary disputes and failure to fulfill contractual obligations are not within the jurisdiction of the Board and require legal resolution. Likewise, the Board has no power to order restitution and does not establish or review costs for professional services. If wrongdoing by an Ohio registrant is proven in court, send the Board a certified copy of the order issued by the Court.

## How to File a Complaint

Anyone may file a complaint. Board policy is that all complaints must be made in writing and should contain sufficient factual evidence to indicate a clear violation of the registration law. Include with your complaint as much factual evidence as possible; including copies of plans, plats, pictures, maps, documents, contracts and the names, addresses and phone numbers of potential witnesses. Any documents received with your complaint will not be returned. Most documents received by the Board are public records and subject to Ohio's Public Records Act. This law requires nearly all public records to be available for inspection by anyone, upon reasonable request.

Complaints can be mailed or delivered to:

BOARD ENFORCEMENT  
ENGINEERS AND SURVEYORS BOARD  
50 W BROAD ST STE 1820  
COLUMBUS OH 43215-5905

## What Happens After a Complaint is Received?

After you file a complaint you will receive written confirmation from the Board that your complaint was received. The complaint is reviewed by the Board enforcement staff to determine if further investigation is required. The respondent is often sent a copy of the complaint and given 20 days to respond to the allegation. If the respondent is unwilling to cooperate or the allegation requires the Board attention, the complaint is presented to the Board and a formal investigation is opened.

Once a formal investigation is opened, the enforcement staff proceeds to gather all relevant information and conduct interviews of the witnesses. When the investigation is completed, the enforcement staff reviews the data to determine if charges should be filed with the Board Secretary. If charges are filed, the Board reviews the charge and may prefer formal charges against the respondent and issue a Charge and Notice of Opportunity for Hearing.

If a hearing is not requested, the Board reviews the evidence and decides on a appropriate disciplinary action and issues a Final Order. If a hearing is requested, a hearing is scheduled before a Hearing Officer. After hearing the evidence, the Hearing Officer issues a Report and Recommendations to the Board. The Board reviews the Hearing Officer Report and Recommendations and either accepts, rejects or modifies the Report and Recommendations. The Board then decides on the appropriate disciplinary action and issues a Final Order.

Disciplinary action taken against registrants may include:

- Settlement Agreement
- Reprimand
- Probation
- Limitation on registration
- Fine
- Suspension
- Revocation

The Board's Final Orders can be appealed to the Court of Common Pleas and subsequent appeals can be made to the Court of Appeals and the Ohio Supreme Court. The Board does not have jurisdiction over unlicensed persons practicing engineering or surveying, and therefore cannot take disciplinary action against them. However, after an investigation, the Board may seek a settlement agreement, an injunction or criminal prosecution to prohibit further unlicensed activity.

## Disciplinary Cases and Commentary

### Disciplinary Case #1

Respondant, P.S

**Violation:** Convicted of a felony

**Law Reference:** ORC 4733.20 (A)(4) and (5) and OAC 4733-35-08

**Penalty:** Board issued a final order imposing 2-year suspension stayed pending compliance with condition imposed by Board, probation ending in 2011 and a \$1000 fine.

**Commentary:** According to the Ohio Administrative code being convicted of a felony without the restoration of rights is cause for charge of violation. In addition an engineer must report the conviction of a felony per OAC 4733.35-07(D): “If a professional engineer or professional surveyor is found guilty of a felony or had his or her registration revoked or suspended by another jurisdiction, the professional engineer or professional surveyor shall notify the board in writing within sixty days.” A fine of \$1000 may be levied for each offense committed.

### Disciplinary Case #2

Respondant, P.E

**Violation:** Professional registration voluntarily surrendered in another jurisdiction

**Law Reference:** ORC 4733.20 (A) (5) and OAC 4733-35-08

**Penalty:** Board issued a Final Order revoking registration

**Commentary:** According to the Ohio Administrative code if an engineer or surveyor voluntarily surrenders their license in another state for an action which would be a violation of the ORC chapter 4733 then there are grounds for a violation to be charged in the state of Ohio.

### Disciplinary Case #3

Respondant, P.S.

**Violation:** Unlicensed practice of surveying and affixing a professional surveyor seal to plats without the surveyor's knowledge

**Law Reference:** ORC 4733.20 (A) (2) and (5), 4733.22 and OAC 4733-35-02

**Penalty:** Board issued a final order revoking registration

**Commentary:** Under the OAC the respondent was guilty of acting without integrity. A person may not affix their seal to a set of plans that was not prepared under their direct supervision. An Engineer or Surveyor can not advertise their services or practice without an active license.

### Disciplinary Case #4

Respondant, P.S.

**Violation:** Provided surveying services while PS registration was expired

**Law Reference:** ORC 4733.02, 4733.20 (A)(2) and (5), 4733.22 and OAC 4733-23-01(A)

**Penalty:** Settlement agreement with a reprimand and \$2000 fine.

**Commentary:** OAC 4733-23-1(A) reads, "No person shall stamp or seal any document with said seal after the certificate of the registrant named thereon has expired, or suspended, or has been revoked, unless said certificate of registration shall have been renewed or reissued."

### Disciplinary Case #5

Respondant, P.E

**Violation:** Sealed drawings prepared by revoked architect

**Law Reference:** ORC 4733.20 (A) (2) (3) and (5) and OAC 4733-35-07 (A) and (B)

**Penalty:** Settlement agreement to cease and desist, one year probation and \$500 fine.

**Commentary:** According to OAC 4733-35-7 A and B an engineer or surveyor shall not knowingly associate with or permit his or her name to be used by any person or firm engaging in practices of a fraudulent or dishonest nature. They must also not sign and seal work that he or she does not have a personal knowledge and direct supervisory control and responsibility. **ORC 4733.20 A(3)** states, “Aiding or abetting any person to practice professional engineering or professional surveying illegally in the state” is a violation of the rules governing the practice of engineering.

# Ohio Laws and Rules

## Chapter Six - Quiz Problems

---

---

**1. The primary mission of Ohio's State Board of Registration for Professional Engineers and Surveyors is to:**

- A. lesson the responsibilities of other allied professions.
- B. safeguard the health, safety, property, and welfare of the citizens of Ohio.
- C. increase the revenue of the state.
- D. promote increased regulation of professions.

**2. In addition to education and experience requirements, persons who have a degree from an approved engineering curriculum of four academic years and are seeking licensure as a professional engineer must**

- A. Four years of experience of a type satisfactory to the board.
- B. have good standing in at least three (3) professional organizations.
- C. have permanent residency in the State of Ohio.
- D. have worked on a major engineering project in the year prior to seeking licensure.

**3. A Certificate of Authorization must be renewed**

- A. once a year.
- B. once every two years.
- C. once every three years.
- D. once every four years.

**4. Affixing one's seal to documents other than those which he/she was in responsible charge**

- A. is not permitted by Ohio Law
- B. is permitted for those who hold licenses from other states.
- C. is permitted by Board rules.
- D. is OK for surveyors but not for engineers.

**5. The fee to renew the certificate of authorization is**

- A. \$75.
- B. \$25
- C. \$50
- D. \$35

**6. Being convicted or found guilty of a crime in any jurisdiction relating to the practice of engineering is grounds for disciplinary action**

- A. only if convicted of a misdemeanor.
- B. only if convicted of a felony.
- C. only if the judge orders it.
- D. regardless of adjudication.

**7. Any person licensed as a professional engineer shall apply for renewal**

- A. once a year.
- B. once every two years.
- C. once every three years.
- D. once every four years.

**8. If a majority of the board votes in favor of sustaining the charge, the board shall impose one or any combination of the following disciplinary measures:**

- A. Reprimanding the individual
- B. Imposing a fine on the individual of not more than one thousand dollars for each offense committed by the individual;
- C. Refusing to renew, suspending, or revoking the individual's registration, or revoking the holder's certificate of authorization;
- D. All of the above

**9. If an engineer by unavoidable circumstances must specify or sole sources material or products on a set of plans that he or she prepared and has a financial stake in the material or product supplier he or she should**

- A. remain silent unless asked specifically about the situation
- B. forevermore disassociate from the supplier
- C. ask another engineer to seal the plans.
- D. disclose the circumstances to the employer and/or client.

**10. It is OK to review a set of plans you have prepared for construction for a public building official as long as you signed and sealed the plans.**

- A. True
- B. False

**11. Neither this state, nor any of its political subdivisions, nor any municipal corporation shall engage in the construction of any public work involving the practice of professional engineering or professional surveying, for which plans, specifications, and estimates have not been made by, and the construction thereof inspected by, a licensed professional engineer or professional surveyor.**

- A. True
- B. False
- C. True unless the total expenditures on the project are less than \$5000.
- D. None of the above

**12. Each member of the state board of registration for professional engineers and surveyors shall be a citizen of the United States and a resident of this state, shall have been engaged in the practice of the profession of engineering for engineers or the profession of surveying for surveyors for at least twelve years, and shall have been in responsible charge of important engineering or surveying work for at least five years.**

- A. True
- B. False

**13. Responsible charge means**

- A. casual review of engineering documents.
- B. being able to sign, date, and seal any and all documents.
- C. being in control of, accountable for and in either direct or indirect supervision of the engineering and/or surveying activities of the business enterprise.
- D. approving a designer/draftman's decisions.

**14. A professional engineer in the practice of engineering who fails to utilize due care and to have due regard for acceptable standards is deemed guilty of**

- A. incompetence.
- B. fraud
- C. misconduct.
- D. deceptive practice.

**15. Which activity does not qualify as for the area of practice requirement of the biennial continuing education requirement?**

- A. Successful completion of college courses.
- B. Regular employment.
- C. Successful completion of online courses relevant to the practice of engineering or surveying.
- D. Active participation as an officer of a professional or technical society.

**16. With regard to licensure acceptable engineering experience includes all of the following except:**

- A. Engineering for materials testing and evaluation.
- B. Planning the use or alteration of land, water, or other resources.
- C. Design or conceptual design of engineering works, products, or systems.
- D. Sales not involving the use of engineering expertise.

**17. For each violation the board may require a maximum fine of**

- A. \$1000
- B. \$2000
- C. \$3000
- D. \$4000

**18. Ohio will grant licensure in the state of Ohio by comity if the applicant has met the standards equal to those specified in the law of Ohio at the time his or her certificate of registration was received.**

- A. True
- B. False

**19. The Ohio Board guarantees that an Ohio registrant will be granted a license elsewhere if they are licensed as and Engineer or Surveyor in the State of Ohio.**

- A. True
- B. False

**20. In disciplinary case #2 the respondent had his license registration revoked because.**

- A. Was caught practicing on an expired license.
- B. Plan Stamping
- C. Convicted of a felony
- D. Voluntarily surrendered his license in another jurisdiction.

**21. I have personally and successfully completed each chapter of instruction.**

- A. True
- B. False
